Increases 2018 Full Year Financial Guidance

NASHVILLE, Tenn., Aug. 08, 2018 (GLOBE NEWSWIRE) -- **CoreCivic, Inc.**(NYSE: CXW) (the Company) announced today its financial results for the second quarter of 2018.

Second Quarter 2018 Highlights

- Total revenue of \$449.9 million
- Net income of \$39.2 million, Adjusted Net Income of \$42.6 million
- CoreCivic Community revenue of \$24.7 million, up 41% from the prior year quarter
- CoreCivic Properties revenue of \$12.0 million, up 20% from the prior year quarter
- Diluted EPS of \$0.33, Adjusted EPS per diluted share of \$0.36
- Normalized FFO per diluted share of \$0.57
- Adjusted EBITDA of \$97.5 million

"Following a strong second quarter, we see many opportunities to deliver solutions for new and prospective government partners throughout the remainder of the year. The need for our services continues to be evident with the commencement of five new state contracts in the last 12 months and recent contract awards that are expected to increase the number of individuals in our care over the balance of 2018," said Damon T. Hininger, CoreCivic's President and Chief Executive Officer. "Our facilities operating under contracts entered into in 2017 with the states of Ohio and Kentucky reached normalized occupancy levels in the second quarter and we anticipate additional increases in occupancy due to recent federal and state contract awards. These developments counterbalance year-over-year declines in occupancy from our CoreCivic Safety contracts with the Federal Bureau of Prisons and the state of California. As indicated in our updated full year 2018 financial guidance, these recent developments have increased our outlook for earnings growth, while also further diversifying our sources of revenue, which we believe will lead to growth in per share results in 2019."

Second Quarter 2018 Results

Net income generated in the second quarter of 2018 totaled \$39.2 million, or \$0.33 per diluted share, compared with \$45.5 million, or \$0.38 per diluted share, in the second quarter of 2017. Adjusted for special items, net income in the second quarter of 2018 was \$42.6 million, or \$0.36 per diluted share (Adjusted Diluted EPS), compared with adjusted net income in the second quarter of 2017 of \$45.8 million, or \$0.39 per diluted share. Special items in the second quarter of 2018 included expenses associated with debt refinancing transactions of \$1.0 million, mergers and acquisitions (M&A) of \$0.8 million and asset impairments of \$1.6 million, while special items in the second quarter of 2017 included M&A expenses of \$0.3 million.

Funds From Operations (FFO) was \$65.7 million, or \$0.55 per diluted share, in the second quarter of 2018, compared with \$69.4 million, or \$0.59 per diluted share, in the second quarter of 2017. Normalized FFO, which excludes the aforementioned special items, was \$67.5 million, or \$0.57 per diluted share, in the second quarter of 2018, compared with \$69.7 million, or \$0.59 per diluted share, in the second quarter of 2017.

Per share results in the second quarter of 2018 compared with the second quarter of 2017 were negatively impacted primarily by (i) approximately \$0.02 per share as a result of the previously disclosed and expected continued decline in populations from the state of California in two facilities we own and operated outside the state of California, (ii) \$0.01 per share as a result of start-up expenses at our Lee Adjustment Center that we were activating in the second quarter of 2018 pursuant to a new contract with the Kentucky Department of Corrections, and (iii) an increase in interest expense of approximately \$0.02 per share as a result of the repayment of floating rate, short-term borrowings under our revolving credit facility with net proceeds from the issuance in October 2017 of \$250.0 million of ten-year unsecured senior notes at a fixed interest rate of 4.75%, combined with higher interest rates and a higher average debt balance. Financial results in the second quarter of 2018 were positively impacted primarily by increased utilization of existing contracts by the U.S. Marshals Service (USMS), contributions from recent acquisitions, and contributions from new state contracts.

EBITDA was \$99.6 million in the second quarter of 2018, compared with \$102.5 million in the second quarter of 2017. Adjusted EBITDA was \$97.5 million in the second quarter of 2018, compared with \$97.0 million in the second quarter of 2017. Adjusted EBITDA excludes the aforementioned special items, and includes the portion of rental payments for the South Texas Family Residential Center (STFRC) that is classified as depreciation and interest expense in our consolidated financial statements.

Adjusted net income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO and their corresponding per share amounts, are measures calculated and presented on the basis of methodologies other than in accordance with generally accepted accounting principles (GAAP). Please refer to the Supplemental Financial Information and related note following the financial statements herein for further discussion and reconciliations of these measures to GAAP measures.

CoreCivic Safety

Total revenue for CoreCivic Safety in the second quarter of 2018 was \$413.2 million compared with \$408.8 million in the second quarter of 2017. The increase in revenue compared with the prior year quarter principally resulted from the following events:

- \$10.1 million of additional revenue compared to the prior year quarter under existing contracts with the USMS.

- \$9.2 million of additional revenue compared with the prior year quarter under new contracts with the states of Kentucky, Nevada, Ohio and Wyoming.

Partially offsetting these increases in revenue were the following previously disclosed events:

- Expiration of four managed-only contracts with the state of Texas in the second and third quarters of 2017. While these facilities collectively generated \$11.7 million of total revenue in the second quarter of 2017, they only contributed \$0.2 million of operating income before depreciation and amortization and asset impairments during such period.
- Continued reduction of inmate populations from the state of California at our two correctional facilities that housed their populations during the second quarter of 2018, which resulted in a reduction to revenue of \$5.7 million.

CoreCivic Community

Total revenue for CoreCivic Community in the second quarter of 2018 was \$24.7 million compared with \$17.6 million in the second quarter of 2017. The increase in revenue compared with the prior year quarter principally resulted from the following previously disclosed events:

- \$3.2 million of additional revenue compared with the prior year quarter as a result of the acquisition of five additional residential reentry facilities, representing an aggregate of 714 additional beds, since the beginning of the second quarter 2017.
- \$4.1 million of additional revenue compared with the prior year quarter generated from non-residential electronic monitoring and case management services, resulting from the January 2018 acquisition of Rocky Mountain Offender Management Systems, LLC.

CoreCivic Properties

Total revenue for CoreCivic Properties in the second quarter of 2018 was \$12.0 million compared with \$10.0 million in the second quarter of 2017. The increase in revenue compared with the prior year quarter principally resulted from the previously disclosed acquisition of the 261,000-square foot Capital Commerce Center in Tallahassee, Florida in January 2018.

Business Development Update

New Contract with the Federal Government at the Tallahatchie County Correctional Facility. On June 14, 2018, we entered into a new contract under an Intergovernmental Agreement between the Tallahatchie County Correctional Authority, Tutwiler, Mississippi and the USMS at our 2,672-bed Tallahatchie County Correctional Facility. The USMS currently expects to house up to 1,350 offenders under the new contract and may house additional populations at the facility, subject to availability. The new contract, which also authorizes U.S. Immigration and Customs Enforcement (ICE) and the Federal Bureau of Prisons (BOP) to utilize the facility, commenced on June 14, 2018, and has an initial term expiring June 30, 2020, with unlimited two-year extension options thereafter upon mutual agreement.

New Contract with the Federal Government at the La Palma Correctional Center. On July 24, 2018, the Federal Government entered into a new agreement to utilize our 3,060-bed La Palma Correctional Center in Eloy, Arizona. More specifically, the city of Eloy has agreed to modify an existing Intergovernmental Agreement with ICE to add the La Palma facility as a place of performance. ICE currently expects to house up to 1,000 adult detainees at the La Palma facility under the new agreement and may house additional adult populations at the facility, subject to availability. The new contract commenced on July 24, 2018, and has an indefinite term, subject to termination by either party with 90 days' written notice.

Acquisition of 12 Properties Leased to the Federal Government. On July 17, 2018, we completed the acquisition of a portfolio of 12 properties 100% leased to the General Services Administration (GSA) on behalf of the Social Security Administration, the Department of Homeland Security and ICE, representing a total of 106,881 square feet. The aggregate purchase price was \$12.0 million, excluding transaction-related expenses. As part of the portfolio acquisition, CoreCivic may market up to three of the properties for sale, as we anticipate the current leases may not be renewed by the GSA upon expiration. This determination was made during the pre-acquisition diligence process and was reflected in the purchase price of the portfolio. Net of the contemplated dispositions, the acquisition represents a weighted averaged underwritten capitalization rate of approximately 10.0%.

Closed on the Private Placement of \$159.5 Million in Non-Recourse Senior Secured 20 Year Notes with a Yield to Maturity of 4.43%. On June 1, 2018, CoreCivic of Kansas, LLC, a wholly-owned subsidiary of the Company, closed on the issuance of \$159.5 million in aggregate principal amount of non-recourse senior secured notes, in a private placement pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended. We will use the proceeds of the private placement to fund the previously disclosed construction of a new 2,432-bed correctional facility with administrative and support buildings located in Lansing, Kansas, along with costs and expenses of the project. The non-recourse senior secured notes have a yield to maturity of 4.43% and are scheduled to mature approximately twenty years following completion of the project, expected to occur during the first quarter of 2020. Upon completion of construction, which is currently on budget and on schedule, we will lease the new correctional facility to the Kansas Department of Corrections for a twenty-year term.

NOTE TO SUPPLEMENTAL FINANCIAL INFORMATION

Adjusted Net Income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO, and, where appropriate, their corresponding per share metrics are non-GAAP financial measures. CoreCivic believes that these measures are important operating measures that supplement discussion and analysis of the Company's results of operations and are used to review and assess operating performance of the Company and its facilities and their management teams. CoreCivic believes that it is useful to provide investors, lenders and security analysts disclosures of its results of operations on the same basis that is used by management. FFO, in particular, is a widely accepted non-GAAP supplemental measure of REIT performance, grounded in the standards for FFO established by the National Association of Real Estate Investment Trusts (NAREIT).

NAREIT defines FFO as net income computed in accordance with generally accepted accounting principles, excluding gains (or losses) from sales of property and extraordinary items, plus depreciation and amortization of real estate and impairment of depreciable real estate. EBITDA, Adjusted EBITDA, and Normalized FFO are useful as supplemental measures of performance of the Company's facilities because such measures do not take into account depreciation and amortization, or with respect to EBITDA, the impact of the Company's tax provisions and financing strategies. Because the historical cost accounting convention used for real estate assets requires depreciation (except on land), this accounting presentation assumes that the value of real estate assets diminishes at a level rate over time. Because of the unique structure, design and use of the Company's properties, management believes that assessing performance of the Company's properties without the impact of depreciation or amortization is useful. However, a portion of the rental payments for the STFRC is classified as depreciation and interest expense for financial reporting purposes. Adjusted EBITDA includes such depreciation and interest expense in order to more properly reflect the cash flows associated with this lease. CoreCivic may make adjustments to FFO from time to time for certain other income and expenses that it considers non-recurring, infrequent or unusual, even though such items may require cash settlement, because such items do not reflect a necessary component of the ongoing operations of the Company. Normalized FFO excludes the effects of such items. CoreCivic calculates Adjusted Net Income by adding to GAAP Net Income expenses associated with the Company's debt refinancing, mergers and acquisitions (M&A) activity, restructuring charges, and certain impairments and other charges that the Company believes are unusual or non-recurring to provide an alternative measure of comparing operating performance for the periods presented. Even though expenses associated with mergers and acquisitions may be recurring, the magnitude and timing fluctuate based on the timing and scope of M&A activity, and therefore, such expenses, which are not a necessary component of the ongoing operations of the Company, may not be comparable from period to period.

Other companies may calculate Adjusted Net Income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO differently than the Company does, or adjust for other items, and therefore comparability may be limited. Adjusted Net Income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO and their corresponding per share measures are not measures of performance under GAAP, and should not be considered as an alternative to cash flows from operating activities, a measure of liquidity or an alternative to net income as indicators of the Company's operating performance or any other measure of performance derived in accordance with GAAP. This data should be read in conjunction with the Company's consolidated financial statements and related notes included in its filings with the Securities and Exchange Commission.
