

CoreCivic Enters Into New Management Contract with the United States Marshals Service

September 15, 2020

BRENTWOOD, Tenn., Sept. 15, 2020 (GLOBE NEWSWIRE) -- **CoreCivic, Inc. (NYSE: CXW)** (the "Company") announced today that it has entered into a new contract under an Intergovernmental Agreement between the city of Cushing, Oklahoma and the United States Marshals Service (USMS) to utilize the Company's 1,692-bed Cimarron Correctional Facility in Cushing, Oklahoma. The Company previously announced the intention to idle the Cimarron Correctional Facility during the third quarter of 2020, largely due to a lower number of inmate populations from the state of Oklahoma resulting from COVID-19, combined with the consequential impact of COVID-19 on the State's budget. The new management contract with USMS will allow the Company to transition the facility's mission without significantly disrupting operations.

The new management contract commences on September 15, 2020, and has an initial term of three years, with unlimited 24-month extension options thereafter upon mutual agreement. Among other standards, the contract requires compliance with Federal Performance-Based Detention Standards, the American Correctional Association (ACA) standards for Adult Local Detention Facilities, and USMS Prisoner Health Care Standards. The Company expects to begin accepting offender populations into the Cimarron Correctional Facility on the contract commencement date, and to incur \$0.5 million to \$1.5 million in start-up expenses related to the activation of the new management contract over the next several months.

"The United States Marshals Service is one of our largest and longest-standing government partners, and we are pleased to once again be able to answer the call to address their immediate needs," said Damon Hininger, CoreCivic's President and Chief Executive Officer. "We are also proud to be serving the needs of the U.S. Marshals with existing staff at the Cimarron Correctional Facility as we quickly transition to the facility's new mission."

The Cimarron Correctional Facility is located in close proximity to the transportation hub for the Justice Prisoner & Alien Transportation System (JPATS) in Oklahoma City. JPATS provides transportation services for the Federal Bureau of Prisons, USMS and U.S. Immigration and Customs Enforcement (ICE) through a network of aircraft, cars, vans and buses. The JPATS air fleet's operational center is also located in Oklahoma City.
