

CoreCivic Announces Resumption of Operations at South Texas Family Residential Center in Dilley, Texas

March 5, 2025

BRENTWOOD, Tenn., March 05, 2025 (GLOBE NEWSWIRE) -- **CoreCivic, Inc. (NYSE: CXW)** ("CoreCivic") announced today that it has agreed under an amended intergovernmental services agreement (IGSA) between the City of Dilley, Texas, and U.S. Immigration and Customs Enforcement (ICE) to resume operations and care for up to 2,400 individuals at the South Texas Family Residential Center in Dilley, Texas (the Dilley Facility). Simultaneously, CoreCivic has entered into a new lease agreement with Target Hospitality Corporation (Target), the owner of the facility, over a period co-terminus with the ICE agreement.

The Dilley Facility was purpose-built for ICE in 2014 to provide an appropriate setting for a family population. CoreCivic managed the Dilley Facility from its construction in 2014 through August 2024, when funding for the contract with ICE was terminated and the facility was idled. CoreCivic will again be responsible for providing residential services in an open and safe environment that offers residents indoor and outdoor recreational activities, life skills, counseling, group interaction, and access to religious and legal services. In addition, CoreCivic will assume the additional responsibility of onsite medical care. Food services will be provided by Target.

The amended IGSA expires in March 2030 and may be further extended through bilateral modification. The agreement provides for a fixed monthly payment in accordance with a graduated schedule to correlate with the activation of each neighborhood within the facility. Total annual revenue once fully activated is expected to be approximately \$180 million, inclusive of medical services. We began pre-activation activities earlier this year and expect this award to be accretive to earnings beginning in the second quarter of 2025.

Damon T. Hininger, CoreCivic's Chief Executive Officer, commented, "With this award and the additional capacity provided to ICE through four contract modifications we announced last week, we are grateful for the trust our government partner has placed in us. We have an extensive supply of available beds, either owned directly or provided by third parties like Target, that provides our government partners the flexibility to satisfy their immediate and long-term needs in a cost-effective manner. We are entering a period when our government partners -- particularly our federal government partners -- are expected to have increased demand. We anticipate continued robust contracting activity throughout 2025 that will help meet their growing needs."

Patrick Swindle, CoreCivic's President and Chief Operating Officer stated, "We are offering our staff the opportunity to transfer to the Dilley Facility and expect many who accept transfer opportunities will be professionals who previously provided services at the facility prior to its closure last year, expediting the activation process. We are also pleased to again work with Target, which has been a fantastic partner since our relationship began in 2014."
