### **CORECIVIC REPORTS THIRD QUARTER 2024 FINANCIAL RESULTS**

#### ***COST MANAGEMENT AND HIGHER OCCUPANCY CONTINUE TO DRIVE POSITIVE FINANCIAL PERFORMANCE RAISES FULL YEAR FINANCIAL GUIDANCE***

**BRENTWOOD, Tenn. – November 6, 2024 – CoreCivic, Inc. (NYSE: CXW)** (CoreCivic or the Company) announced today its third quarter 2024 financial results.

#### **Financial Highlights – Third Quarter 2024**

- Total revenue of \$491.6 million, an increase of 2%
- Net income of \$21.1 million, an increase of 52%
- Adjusted net income of \$22.4 million, an increase of 44%
- Diluted earnings per share of \$0.19; Adjusted Diluted EPS of \$0.20
- Normalized FFO per diluted share of \$0.43, an increase of 23%
- Adjusted EBITDA of \$83.3 million, an increase of 11%

Damon T. Hininger, CoreCivic’s President and Chief Executive Officer, commented, “CoreCivic’s financial results for the third quarter of 2024 demonstrate our continued strong operating momentum. We achieved notable improvement in our operating margin compared with the prior year quarter through our continued cost management diligence and the strong demand for our essential services, evidenced by the increase in our compensated occupancy to 75.2% in the current quarter from 72.0% in the prior year. Operating margins are particularly impacted by occupancy considering operating leverage in our business.”

“Beyond our solid quarterly financial results,” Hininger added, “CoreCivic’s balance sheet remains strong, and we are pleased with the continued execution of our capital strategy, ending the quarter with leverage, measured as net debt to Adjusted EBITDA, at 2.2x for the trailing twelve months - placing us below our target leverage range of 2.25x to 2.75x that we established in August 2020. As we look forward to opportunities in 2025 and beyond, CoreCivic is ready to respond quickly and flexibly to our governmental partner’s needs due to our talented and experienced teams, healthy balance sheet and readily available and modern bed capacity.”

#### **Third Quarter 2024 Financial Results Compared With Third Quarter 2023**

Net income in the third quarter of 2024 was \$21.1 million, or \$0.19 per diluted share, compared with net income in the third quarter of 2023 of \$13.9 million, or \$0.12 per diluted share. When adjusted for special items, Adjusted net income for the third quarter of 2024 improved to \$22.4 million, or \$0.20 per diluted share (Adjusted Diluted EPS), compared with Adjusted net income in the third quarter of 2023 of \$15.6 million, or \$0.14 per diluted share. Special items for each period are presented in detail in the calculation of Adjusted Diluted EPS in the Supplemental Financial Information following the financial statements presented herein.

5501 Virginia Way, Brentwood, Tennessee 37027, Phone: 615-263-3000

The increased adjusted earnings per share amounts resulted from modestly higher revenue, driven by higher populations and per diem rates at our facilities serving state and local populations, combined with cost containment efforts, lower interest expense and a decrease in shares of our common stock outstanding as a result of our share repurchase program. These earnings increases were achieved despite being partially offset by the expiration of our lease with the California Department of Corrections and Rehabilitation (CDCR) at our California City Correctional Center on March 31, 2024, which accounted for a \$0.05 per share reduction during the third quarter, as well as the previously disclosed early termination of our contract with U.S. Immigration & Customs Enforcement (ICE) at the South Texas Family Residential Center effective August 9, 2024. Third quarter 2024 financial results at the South Texas facility were favorably impacted by the accelerated recognition of the remaining deferred revenue of \$5.7 million, and due to the rapid ramp-down in detainee populations in July, resulting in the elimination of most operating expenses, though we continued to generate full fixed contractual revenue through the termination date, resulting in a minimal impact on per share results for the third quarter of 2024 compared with the third quarter of 2023.

Operating leverage stemming from improving facility occupancy combined with cost management initiatives continue to yield positive financial results and operating performance. In particular, expenses related to labor attraction and retention, such as registry nursing and temporary labor resources, including associated travel expenses, overtime and incentives, declined meaningfully from the prior year quarter, as well as sequentially.

Revenue from ICE, our largest government partner, decreased 3.4% compared with the third quarter of 2023 and by 7.5% compared with the second quarter of 2024. This decline in revenue from ICE primarily reflects the termination of our ICE contract at the South Texas Family Residential Facility effective August 9, 2024. Excluding the South Texas facility, our revenue with ICE increased 10.9% compared with the third quarter of the prior year and increased 4.6% compared with the prior quarter. During the third quarter of 2024, revenue from ICE was \$139.7 million compared to \$144.6 million during the third quarter of 2023 and \$151.0 million during the second quarter of 2024.

Earnings before interest, taxes, depreciation and amortization (EBITDA) was \$81.4 million in the third quarter of 2024, compared with \$72.8 million in the third quarter of 2023. Adjusted EBITDA, which excludes special items, was \$83.3 million in the third quarter of 2024, compared with \$75.2 million in the third quarter of 2023. The increase in Adjusted EBITDA was attributable to an increase in occupancy, combined with a general reduction in temporary staffing incentives and related labor costs, partially offset by the expiration of the lease with the CDCR at the California City facility.

Funds From Operations (FFO) for the third quarter of 2024 was \$47.1 million, compared with \$38.5 million in the third quarter of 2023. Normalized FFO, which excludes special items, increased to \$47.6 million, or \$0.43 per diluted share, in the third quarter of 2024, compared with \$40.5 million, or \$0.35 per diluted share, in the third quarter of 2023, representing an increase in Normalized FFO per share of 23%. Normalized FFO was impacted by the same factors that affected Adjusted EBITDA, further improved by a reduction in interest expense resulting from our debt reduction strategy that is not reflected in Adjusted EBITDA, as well as a 3% reduction in weighted average shares outstanding compared with the prior year quarter. Adjusted Net Income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO, and, where appropriate, their corresponding per share amounts, are measures calculated and presented on the basis of methodologies other than in accordance with generally accepted accounting principles (GAAP). Please refer to the Supplemental Financial Information and the note following the financial statements herein for further discussion and reconciliations of these measures to net income, the most directly comparable GAAP measure.

## Capital Strategy

**Share Repurchases.** Our Board of Directors has approved a share repurchase program authorizing the Company to repurchase up to \$350.0 million of our common stock, including an additional \$125.0 million approved on May 16, 2024. During 2024, we have repurchased 4.0 million shares of common stock under the share repurchase program at an aggregate purchase price of \$59.5 million, although we did not repurchase any shares during the third quarter of 2024. Since the share repurchase program was authorized in May 2022, through September 30, 2024, we have repurchased a total of 14.1 million shares at an aggregate price of \$172.1 million, or \$12.20 per share, excluding fees, commissions and other costs related to the repurchases.

As of September 30, 2024, we had \$177.9 million remaining under the share repurchase program. Additional repurchases of common stock will be made in accordance with applicable securities laws and may be made at management's discretion within parameters set by the Board of Directors from time to time in the open market, through privately negotiated transactions, or otherwise. The share repurchase program has no time limit and does not obligate us to purchase any particular amount of our common stock. The authorization for the share repurchase program may be terminated, suspended, increased or decreased by our Board of Directors in its discretion at any time. As a result of ICE's discontinued use of the South Texas Family Residential Center and the impact such discontinuation will have on our leverage ratios, we intend to prioritize the use of our free cash flow to further reduce our debt, although we may exercise discretion in repurchasing additional shares of our common stock in accordance with the repurchase program.

## 2024 Financial Guidance

Based on current business conditions, we are providing the following updates to our financial guidance for the full year 2024:

	<u>New Guidance</u> <u>Full Year 2024</u>	<u>Prior Guidance</u> <u>Full Year 2024</u>
> Net income	\$55.5 million to \$61.5 million	\$42.0 million to \$50.4 million
> Adjusted Net Income	\$78.0 million to \$84.0 million	\$65.6 million to \$73.6 million
> Diluted EPS	\$0.49 to \$0.55	\$0.37 to \$0.45
> Adjusted Diluted EPS	\$0.69 to \$0.75	\$0.58 to \$0.66
> FFO per diluted share	\$1.39 to \$1.45	\$1.28 to \$1.36
> Normalized FFO per diluted share	\$1.59 to \$1.65	\$1.48 to \$1.56
> EBITDA	\$284.3 million to \$288.3 million	\$268.0 million to \$274.6 million
> Adjusted EBITDA	\$317.0 million to \$321.0 million	\$302.4 million to \$308.4 million

During 2024, we expect to invest \$70.0 million to \$76.0 million in capital expenditures, consisting of \$30.0 million to \$31.0 million in maintenance capital expenditures on real estate assets, \$32.0 million to \$35.0 million for maintenance capital expenditures on other assets and information technology, and \$8.0 million to \$10.0 million for other capital investments, including costs to prepare an idle facility for activation in the possible event an opportunity presents. These amounts are unchanged from our prior guidance.

### Forward-Looking Statements

This press release contains statements as to our beliefs and expectations of the outcome of future events that are “forward-looking” statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and the Private Securities Litigation Reform Act of 1995, as amended. These forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from the statements made. These include, but are not limited to, the risks and uncertainties associated with: (i) changes in government policy, legislation and regulations that affect utilization of the private sector for corrections, detention, and residential reentry services, in general, or our business, in particular, including, but not limited to, the continued utilization of our correctional and detention facilities by the federal government, including as a consequence of the United States Department of Justice not renewing contracts as a result of President Biden’s Executive Order on Reforming Our Incarceration System to Eliminate the Use of Privately Operated Criminal Detention Facilities, impacting utilization primarily by the United States Federal Bureau of Prisons and the United States Marshals Service, and the impact of any changes to immigration reform and sentencing laws (we do not, under longstanding policy, lobby for or against policies or legislation that would determine the basis for, or duration of, an individual’s incarceration or detention); (ii) our ability to obtain and maintain correctional, detention, and residential reentry facility management contracts because of reasons including, but not limited to, sufficient governmental appropriations, contract compliance, negative publicity and effects of inmate disturbances; (iii) changes in the privatization of the corrections and detention industry, the acceptance of our services, the timing of the opening of new facilities and the commencement of new management contracts (including the extent and pace at which new contracts are utilized), as well as our ability to utilize available beds; (iv) general economic and market conditions, including, but not limited to, the impact governmental budgets can have on our contract renewals and renegotiations, per diem rates, and occupancy; (v) fluctuations in our operating results because of, among other things, changes in occupancy levels; competition; contract renegotiations or terminations; inflation and other increases in costs of operations, including a rise in labor costs; fluctuations in interest rates and risks of operations; (vi) government budget uncertainty, the impact of the debt ceiling and the potential for government shutdowns and changing budget priorities; (vii) our ability to successfully identify and consummate future development and acquisition opportunities and realize projected returns resulting therefrom; (viii) our ability to have met and maintained qualification for taxation as a real estate investment trust, or REIT, for the years we elected REIT status; and (ix) the availability of debt and equity financing on terms that are favorable to us, or at all. Other factors that could cause operating and financial results to differ are described in the filings we make from time to time with the Securities and Exchange Commission.

We take no responsibility for updating the information contained in this press release following the date hereof to reflect events or circumstances occurring after the date hereof or the occurrence of unanticipated events or for any changes or modifications made to this press release or the information contained herein by any third-parties, including, but not limited to, any wire or internet services, except as may be required by law.

## NOTE TO SUPPLEMENTAL FINANCIAL INFORMATION

Adjusted Net Income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO, and, where appropriate, their corresponding per share metrics are non-GAAP financial measures. The Company believes that these measures are important operating measures that supplement discussion and analysis of the Company's results of operations and are used to review and assess operating performance of the Company and its properties and their management teams. The Company believes that it is useful to provide investors, security analysts, and other interested parties disclosures of its results of operations on the same basis that is used by management.

FFO, in particular, is a widely accepted non-GAAP supplemental measure of performance of real estate companies, grounded in the standards for FFO established by the National Association of Real Estate Investment Trusts (NAREIT). NAREIT defines FFO as net income computed in accordance with GAAP, excluding gains (or losses) from sales of property and extraordinary items, plus depreciation and amortization of real estate and impairment of depreciable real estate and after adjustments for unconsolidated partnerships and joint ventures calculated to reflect funds from operations on the same basis. As a company with extensive real estate holdings, we believe FFO and FFO per share are important supplemental measures of our operating performance and believe they are frequently used by securities analysts, investors and other interested parties in the evaluation of REITs and other real estate operating companies, many of which present FFO and FFO per share when reporting results. EBITDA, Adjusted EBITDA, and FFO are useful as supplemental measures of performance of the Company's properties because such measures do not take into account depreciation and amortization, or with respect to EBITDA, the impact of the Company's tax provisions and financing strategies. Because the historical cost accounting convention used for real estate assets requires depreciation (except on land), this accounting presentation assumes that the value of real estate assets diminishes at a level rate over time. Because of the unique structure, design and use of the Company's properties, management believes that assessing performance of the Company's properties without the impact of depreciation or amortization is useful. The Company may make adjustments to FFO from time to time for certain other income and expenses that it considers non-recurring, infrequent or unusual, even though such items may require cash settlement, because such items do not reflect a necessary or ordinary component of the ongoing operations of the Company. Normalized FFO excludes the effects of such items. The Company calculates Adjusted Net Income by adding to GAAP Net Income expenses associated with the Company's debt repayments and refinancing transactions, and certain impairments and other charges that the Company believes are unusual or non-recurring to provide an alternative measure of comparing operating performance for the periods presented.

Other companies may calculate Adjusted Net Income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO differently than the Company does, or adjust for other items, and therefore comparability may be limited. Adjusted Net Income, EBITDA, Adjusted EBITDA, FFO, and Normalized FFO and, where appropriate, their corresponding per share measures are not measures of performance under GAAP, and should not be considered as an alternative to cash flows from operating activities, a measure of liquidity or an alternative to net income as indicators of the Company's operating performance or any other measure of performance derived in accordance with GAAP. This data should be read in conjunction with the Company's consolidated financial statements and related notes included in its filings with the Securities and Exchange Commission.
