FOR THE QUARTERLY PERIOD ENDED: SEPTEMBER 30, 2024**

OR

**TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934
FOR THE TRANSITION PERIOD FROM ____ TO ____
COMMISSION FILE NUMBER: 001-16109**

CORECIVIC, INC.

(Exact name of registrant as specified in its charter)

MARYLAND
(State or other jurisdiction of
incorporation or organization)

**5501 VIRGINIA WAY
BRENTWOOD, TENNESSEE**
(Address of principal executive offices)

62-1763875
(I.R.S. Employer
Identification Number)

37027
(Zip Code)

(615) 263-3000

(Registrant's telephone number, including area code)

Securities registered pursuant to Section 12(b) of the Act:

| Title of each class | Trading Symbol(s) | Name of each exchange on which registered |
|--|-------------------|---|
| Common Stock, par value \$0.01 per share | CXW | New York Stock Exchange |

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See definitions of "large accelerated filer", "accelerated filer", "smaller reporting company", and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer

Non-accelerated filer Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate the number of shares outstanding of each class of Common Stock as of November 1, 2024:

Shares of Common Stock, \$0.01 par value per share: 110,270,512 shares outstanding.

CORECIVIC, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

SEPTEMBER 30, 2024

1. ORGANIZATION AND OPERATIONS

CoreCivic, Inc. (together with its subsidiaries, the "Company" or "CoreCivic") is the nation's largest owner of partnership correctional, detention, and residential reentry facilities and one of the largest prison operators in the United States ("U.S."). Through three segments, CoreCivic Safety, CoreCivic Community, and CoreCivic Properties, the Company provides a broad range of solutions to government partners that serve the public good through corrections and detention management, a network of residential reentry centers to help address America's recidivism crisis, and government real estate solutions. As of September 30, 2024, through its CoreCivic Safety segment, the Company operated 42 correctional and detention facilities, 38 of which the Company owned or controlled via a long-term lease, with a total design capacity of approximately 62,000 beds. Through its CoreCivic Community segment, the Company operated 21 residential reentry centers, which it owned or controlled via a long-term lease, with a total design capacity of approximately 4,000 beds. In addition, through its CoreCivic Properties segment, the Company owned 6 properties, with a total design capacity of approximately 10,000 beds.

In addition to providing fundamental residential services, CoreCivic's correctional, detention, and reentry facilities offer a variety of rehabilitation and educational programs, including basic education, faith-based services, life skills and employment training, and substance abuse treatment. These services are intended to help reduce recidivism and to prepare offenders for their successful reentry into society upon their release. CoreCivic also provides or makes available to offenders certain health care (including medical, dental, and mental health services), food services, and work and recreational programs.

2. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying unaudited interim consolidated financial statements have been prepared by the Company and, in the opinion of management, reflect all normal recurring adjustments necessary for a fair presentation of results for the unaudited interim periods presented. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been condensed or omitted. The results of operations for the interim period are not necessarily indicative of the results to be obtained for the full fiscal year. Reference is made to the audited financial statements of CoreCivic included in its Annual Report on Form 10-K for the year ended December 31, 2023 filed with the Securities and Exchange Commission (the "SEC") on February 20, 2024 (the "2023 Form 10-K") with respect to certain significant accounting and financial reporting policies as well as other pertinent information of the Company.

Risks and Uncertainties

On January 26, 2021, President Biden issued the Executive Order on Reforming Our Incarceration System to Eliminate the Use of Privately Operated Criminal Detention Facilities ("Private Prison EO"). The Private Prison EO directs the Attorney General to not renew United States Department of Justice ("DOJ") contracts with privately operated criminal detention facilities. The United States Marshals Service ("USMS") is an agency of the DOJ that utilizes CoreCivic's facilities and services, and accounted for 21% of CoreCivic's total revenue for the nine months ended September 30, 2024 and the twelve months ended December 31, 2023. Another federal agency that utilizes CoreCivic's facilities and services, U.S. Immigration and Customs Enforcement ("ICE"), is not covered by the Private Prison EO, as ICE is an agency of the Department of Homeland Security ("DHS"), not the DOJ.

CoreCivic currently has two detention facilities that have direct contracts with the USMS. Because of the lack of alternative bed capacity, one of the contracts was renewed upon its expiration in September 2023 and now expires in September 2028. The second direct contract with the USMS expires in October 2025. It is too early to predict the outcome of the expiration of the contract scheduled to expire in October 2025, and future developments could occur prior to the scheduled expiration date.

Recent Accounting Pronouncements

In November 2023, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No 2023-07, "Improvements to Reportable Segment Disclosures (Topic 280)" ("ASU 2023-07"). ASU 2023-07 updates reportable segment disclosure requirements by including disclosures of significant reportable segment expenses that are regularly provided to the Chief Operating Decision Maker ("CODM") and included within each reported measure of a segment's profit or loss. ASU 2023-07 also requires disclosure of the title and position of the individual identified as the CODM and an explanation of how the CODM uses the reported measures of a segment's profit or loss in assessing segment performance and deciding how to allocate resources. ASU 2023-07 is effective for annual periods beginning after December 15, 2023, and interim periods within fiscal years beginning after December 15, 2024. Adoption of ASU 2023-07 should be applied retrospectively to all prior periods presented in the financial statements. Early adoption is also permitted. The Company is currently evaluating the impact of adopting ASU 2023-07 and expects to adopt it for the year ending December 31, 2024, including any additional required disclosures.

In December 2023, the FASB issued ASU No. 2023-09, "Improvements to Income Tax Disclosures (Topic 740)" ("ASU 2023-09"). ASU 2023-09 requires disaggregated information about a reporting entity's effective tax rate reconciliation as well as additional information on income taxes paid. ASU 2023-09 is effective on a prospective basis for annual periods beginning after December 15, 2024. Early adoption is also permitted for annual financial statements that have not yet been issued or made available for issuance. ASU 2023-09 will result in the required additional disclosures being included in the Company's consolidated financial statements, once adopted. The Company is currently evaluating the impact of adopting ASU 2023-09 and expects to adopt it for the year ending December 31, 2025, including any additional required disclosures.

In March 2024, the SEC adopted final rules designed to enhance public company disclosures related to the risks and impacts of climate-related matters (the "Climate Disclosure Rules"). The Climate Disclosure Rules include disclosures relating to climate-related risks and risk management as well as the board and management's governance of such risks. In addition, the Climate Disclosure Rules include requirements to disclose, in the audited consolidated financial statements, the financial effects of severe weather events and other natural conditions meeting certain thresholds, as well as carbon offsets and renewable energy credits. Larger registrants, including CoreCivic, will also be required to disclose information about greenhouse gas emissions, which will be subject to a phased-in assurance requirement. On April 4, 2024, the SEC announced that it would stay the Climate Disclosure Rules as it faces certain legal challenges regarding implementation of such rules. The disclosure requirements will be effective for our annual reporting periods beginning with the fiscal year ending December 31, 2025, subject to any delay which may result from the current stay issued by the SEC. The Company is currently assessing the impact of these rules, if implemented, on the Company's consolidated financial statements.

Other recent accounting pronouncements issued by the FASB (including its Emerging Issues Task Force), the American Institute of Certified Public Accountants and the SEC applicable to financial statements beginning January 1, 2024 or later did not, or are not expected to, have a material effect on the Company's results of operations or financial position.

Fair Value of Financial Instruments

To meet the reporting requirements of Accounting Standards Codification ("ASC") 825, "Financial Instruments", regarding fair value of financial instruments, CoreCivic calculates the estimated fair value of financial instruments using market interest rates, quoted market prices of similar instruments, or discounted cash flow techniques with observable Level 1 inputs for publicly traded debt and Level 2 inputs for all other financial instruments, as defined in ASC 820, "Fair Value Measurement". At September 30, 2024 and December 31, 2023, there were no material differences between the carrying amounts and the estimated fair values of CoreCivic's financial instruments, other than as follows (in thousands):

| | September 30, 2024 | | December 31, 2023 | |
|------|--------------------|----------------|-------------------|----------------|
| | Carrying Amount | Fair Value | Carrying Amount | Fair Value |
| Debt | \$ (1,004,916) | \$ (1,015,378) | \$ (1,106,691) | \$ (1,090,326) |

3. REAL ESTATE AND OTHER TRANSACTIONS

Assets Held For Sale and Dispositions

In July 2024, CoreCivic completed the sale of an idled 390-bed facility in Oklahoma that was reported in its CoreCivic Community segment. The sale generated net sales proceeds of \$3.4 million, resulting in a gain on sale of \$1.2 million reported in the third quarter of 2024. In January 2024, CoreCivic completed the sale of a facility in Colorado that was reported in its CoreCivic Community segment. The sale generated net sales proceeds of \$8.0 million, resulting in a gain on sale of \$0.5 million reported in the first quarter of 2024. The facility was classified as held for sale as of December 31, 2023. CoreCivic continued to operate the facility through the expiration of the related management contract in June 2024. In addition, in March 2024, CoreCivic completed the sale of an unused parcel of land in Texas. The sale generated net sales proceeds of \$0.2 million, resulting in a gain on sale of \$0.1 million also reported in the first quarter of 2024.

During the full year 2023, CoreCivic completed the sales of three community corrections facilities leased to government agencies that were reported in CoreCivic's Properties segment and one vacant parcel of land. The sales of these four assets generated aggregate net sales proceeds of \$10.8 million, resulting in an aggregate net gain on sale of \$0.8 million after transaction costs.

Idle Facilities

As of September 30, 2024, CoreCivic had nine idle correctional facilities that are currently available and being actively marketed as solutions to meet the needs of potential customers. The following table summarizes each of the idled facilities and their respective design capacities, carrying values, excluding equipment and other assets that could generally be transferred and used at other facilities CoreCivic owns without significant cost (dollars in thousands):

| Facility | Design Capacity | Net Carrying Values | |
|-------------------------------------|-----------------|---------------------|-------------------|
| | | September 30, 2024 | December 31, 2023 |
| Prairie Correctional Facility | 1,600 | \$ 12,595 | \$ 13,230 |
| Huerfano County Correctional Center | 752 | 13,800 | 14,058 |
| Diamondback Correctional Facility | 2,160 | 35,963 | 33,764 |
| Marion Adjustment Center | 826 | 9,917 | 9,968 |
| Kit Carson Correctional Center | 1,488 | 46,735 | 47,638 |

| California City Correctional Center | 2,560 | 74,207 | 75,430 |
| | <u>13,419</u> | <u>\$ 317,633</u> | <u>\$ 322,436</u> |

As of September 30, 2024, CoreCivic also had one idled non-core facility in its Safety segment containing 240 beds with a net book value of \$2.8 million, and an idled facility in its Community segment containing 60 beds with a net book value of \$1.1 million. CoreCivic incurred aggregate operating expenses at the above idled facilities of approximately \$4.0 million and \$4.2 million during the period they were idle during the three months ended September 30, 2024 and 2023, respectively, and \$13.2 million and \$9.4 million during the period they were idle during the nine months ended September 30, 2024 and 2023, respectively.

The Company estimated undiscounted cash flows for each facility with an impairment indicator. The Company's estimated undiscounted cash flows reflected the Company's most recent expectations around potential utilization and/or sale of the facilities and projected cash flows based on historical cash flows, cash flows of comparable facilities, and recent contract negotiations for utilization, as applicable.

CoreCivic evaluates, on a quarterly basis, market developments for the potential utilization of each of its idle properties in order to identify events that may cause CoreCivic to reconsider its assumptions with respect to the recoverability of book values as compared to undiscounted cash flows. CoreCivic considers the cancellation of a contract in its Safety or Community segment or an expiration and non-renewal of a lease agreement in its CoreCivic Properties segment as indicators of impairment and tests each of the idled properties for impairment when it is notified by the respective customers or tenants that they would no longer be utilizing such property.

Termination of Contract at the South Texas Family Residential Center

On June 10, 2024, the Company received notification from ICE of its intent to terminate an inter-governmental service agreement ("IGSA") for services at the 2,400-bed South Texas Family Residential Center ("STFRC") effective August 9, 2024. The IGSA originated in 2014, was extended in 2016, and was extended again in 2020 from September 2021 through September 2026. ICE's termination rights, which permitted ICE to terminate the agreement for convenience or non-appropriation of funds, without penalty, by providing CoreCivic with at least a 60-day notice, were unchanged under the previous IGSA.

Under the fixed monthly payment schedule of the original IGSA, ICE agreed to pay CoreCivic \$70.0 million in two \$35.0 million installments during the fourth quarter of 2014, and graduated fixed monthly payments over the remaining months of the contract. During the nine months ended September 30, 2024 and the twelve months ended December 31, 2023, CoreCivic recognized \$100.7 million and \$156.1 million, respectively, in revenue under the amended IGSA, with the unrecognized balance of the fixed monthly payments at December 31, 2023 of \$7.3 million reported in deferred revenue. At December 31, 2023, the current portion of deferred revenue was reflected within accounts payable and accrued expenses while the long-term portion was reflected as deferred revenue on the accompanying consolidated balance sheets. CoreCivic recognized the \$7.3 million of deferred revenue remaining at December 31, 2023 during the nine months ended September 30, 2024, with \$5.7 million of the amount recognized upon termination of the IGSA in the third quarter of 2024 when no further service obligation existed.

CoreCivic leased the STFRC and the site upon which it was constructed from a third-party lessor. CoreCivic's lease agreement with the third-party lessor was over a base period concurrent with the IGSA with ICE which was amended in September 2020 to extend the term of the agreement through September 2026. The extended lease agreement provided CoreCivic with the ability to terminate the lease with a notification period of at least 60 days if ICE terminated the extended IGSA. Upon being notified by ICE of its intent to terminate the IGSA at the STFRC, CoreCivic provided notice to the third-party lessor of its intent to terminate the lease agreement effective August 9, 2024. In accordance with ASC 842, "Leases", in the second quarter of 2024, CoreCivic remeasured the lease liability and recorded a corresponding adjustment of \$57.0 million to the associated right of use asset to reflect the reduction to the lease term. In addition, CoreCivic incurred an asset impairment charge of \$3.1 million in the third quarter of 2024 associated with property and equipment at the STFRC.

4. DEBT

Debt outstanding as of September 30, 2024 and December 31, 2023 consisted of the following (in thousands):

| | September 30, 2024 | December 31, 2023 |
|---|-----------------------|----------------------|
| Revolving Credit Facility maturing October 2028. Interest payable periodically at variable interest rates. | \$ — | \$ — |
| Term Loan maturing October 2028. Interest payable periodically at variable interest rates. The rate at September 30, 2024 and December 31, 2023 was 7.8% and 8.7%, respectively. Unamortized debt issuance costs amounted to \$1.3 million and \$1.5 million at September 30, 2024 and December 31, 2023, respectively. | 120,312 | 125,000 |
| 4.75% Senior Notes maturing October 2027. Unamortized debt issuance costs amounted to \$1.2 million and \$1.5 million at September 30, 2024 and December 31, 2023, respectively. | 243,068 | 243,068 |
| 8.25% Senior Notes maturing April 2026. Unamortized debt issuance costs amounted to \$5.8 million at December 31, 2023. The 8.25% Senior Notes were redeemed on April 15, 2024, as further described below. | — | 593,113 |
| 8.25% Senior Notes maturing April 2029. Unamortized debt issuance costs amounted to \$8.2 million at September 30, 2024. | 500,000 | — |
| 4.43% Lansing Correctional Facility Non-Recourse Mortgage Note maturing January 2040. Unamortized debt issuance costs amounted to \$2.5 million and \$2.6 million at September 30, 2024 and December 31, 2023, respectively. | 141,536 | 145,510 |

| Current portion of long-term debt | (11,952) | (11,597) |
| Long-term debt, net | \$ 979,811 | \$ 1,083,476 |

Bank Credit Facility. On October 11, 2023, CoreCivic entered into a Fourth Amended and Restated Credit Agreement (referred to herein as the "Bank Credit Facility") in an aggregate principal amount of \$400.0 million, consisting of a \$125.0 million term loan (the "Term Loan") and a revolving credit facility with a borrowing capacity of \$275.0 million (the "Revolving Credit Facility"). The Bank Credit Facility has a maturity of October 2028. The Bank Credit Facility includes an option to increase the availability under the Revolving Credit Facility and to request additional term loans from the lenders in an aggregate amount not to exceed the greater of (a) \$200.0 million and (b) 50% of consolidated EBITDA for the most recently ended four-quarter period, subject to, among other things, the receipt of commitments for the increased amount. At CoreCivic's option, interest on outstanding borrowings under the Bank Credit Facility is based on either a base rate plus a margin ranging from 1.75% to 3.5% based upon the Company's then-current total leverage ratio, or at Term SOFR (as defined in the Bank Credit Facility), which is a forward-looking term rate based on the Secured Overnight Financing Rate ("SOFR") plus a margin ranging from 2.75% to 4.5% based on the Company's then-current total leverage ratio. The Revolving Credit Facility includes a \$25.0 million sublimit for swing line loans that enables CoreCivic to borrow at the base rate plus the applicable margin from the Administrative Agent (as defined in the Bank Credit Facility) on same-day notice.

Based on the Company's total leverage ratio, interest on loans under the previous bank credit facility through October 10, 2023, was at a base rate plus a margin of 2.25% or at the Bloomberg Short-Term Bank Yield ("BSBY") plus a margin of 3.25%, and a commitment fee equal to 0.45% of the unfunded balance of the then-existing revolving credit facility, which had a borrowing capacity of \$250.0 million. From October 11, 2023 through the first full fiscal quarter of 2024, loans under the Bank Credit Facility bore interest at a base rate plus a margin of 2.25% or at Term SOFR plus a margin of 3.25%, and a commitment fee equal to 0.45% of the unfunded balance of the Revolving Credit Facility, as the interest rate spreads were fixed under the terms of the Bank Credit Facility until the first calculation date occurring after the first full fiscal quarter after the closing date of the Bank Credit Facility. Based on the Company's total leverage ratio as of March 31, 2024, during the second quarter of 2024, the interest rate spread for base rate loans declined to 2.00%, the interest rate spread for Term SOFR loans was reduced to 3.00%, and the commitment fee decreased to 0.40%. Based on the Company's total leverage ratio as of June 30, 2024, during the third quarter of 2024, the interest rate spread for base rate loans further declined to 1.75%, the interest rate spread for Term SOFR loans was reduced to 2.75%, and the commitment fee decreased to 0.35%. The Revolving Credit Facility also has a \$100.0 million sublimit for the issuance of standby letters of credit. As of September 30, 2024, CoreCivic had no borrowings outstanding under the Revolving Credit Facility. As of September 30, 2024, CoreCivic had \$18.0 million in letters of credit outstanding resulting in \$257.0 million available under the Revolving Credit Facility. The Term Loan, which had an outstanding principal balance of \$120.3 million as of September 30, 2024, requires scheduled quarterly principal payments through October 2028, and is pre-payable without penalty.

The Bank Credit Facility requires CoreCivic to meet certain financial covenants, including, without limitation, a total leverage ratio of not more than 4.50 to 1.00, a secured leverage ratio of not more than 2.50 to 1.00, and a fixed charge coverage ratio of not less than 1.75 to 1.00. As of September 30, 2024, CoreCivic was in compliance with all such covenants. The Bank Credit Facility is secured by a pledge of all of the capital stock (or other ownership interests) of CoreCivic's domestic restricted subsidiaries, 65% of the capital stock (or other ownership interests) of CoreCivic's "first-tier" foreign subsidiaries, all of the accounts receivable of the Company and its domestic restricted subsidiaries, and substantially all of the deposit accounts of the Company and its domestic restricted subsidiaries. In the event that (a) the consolidated total leverage equals or exceeds 4.25 to 1.00 or (b) the Company incurs certain debt above a specified threshold, each known as a "springing lien" event, certain intangible assets and unencumbered real estate assets that meet a 50% loan-to-value requirement are required to be added as collateral. In addition, the Bank Credit Facility contains certain covenants that, among other things, limit the incurrence of additional indebtedness, payment of dividends and other customary restricted payments, permitted investments, transactions with affiliates, asset sales, mergers and consolidations, liquidations, prepayments and modifications of other indebtedness, liens and other encumbrances and other matters customarily restricted in such agreements, and in each case subject to customary carveouts. The Bank Credit Facility is subject to cross-default provisions with respect to the terms of certain of CoreCivic's other material indebtedness and is subject to acceleration upon the occurrence of a change of control.

Senior Notes. Interest on the \$243.1 million remaining aggregate principal amount of CoreCivic's 4.75% senior unsecured notes issued in October 2017 with an original principal amount of \$250.0 million (the "4.75% Senior Notes") accrues at the stated rate and is payable in April and October of each year. The 4.75% Senior Notes are scheduled to mature on October 15, 2027. During 2023, the Company purchased \$6.9 million principal amount of the 4.75% Senior Notes through open market purchases, reducing the outstanding balance of the 4.75% Senior Notes to \$243.1 million as of December 31, 2023. Interest on the aggregate principal amount of CoreCivic's 8.25% senior unsecured notes issued in April and September 2021, with an original principal amount of \$675.0 million (the "Old 8.25% Senior Notes"), accrued at the stated rate and was payable in April and October of each year. The Old 8.25% Senior Notes were scheduled to mature on April 15, 2026. During 2022 and 2023, the Company purchased \$81.9 million principal amount of the Old 8.25% Senior Notes through open market purchases reducing the outstanding balance of the Old 8.25% Senior Notes to \$593.1 million as of December 31, 2023.

On March 4, 2024, the Company commenced a cash tender offer (the "Tender Offer") for any and all of the \$593.1 million outstanding principal amount of its outstanding Old 8.25% Senior Notes. As a result of the Tender Offer, \$494.3 million aggregate principal amount of the Old 8.25% Senior Notes, or approximately 83.3% of the aggregate principal amount of the Old 8.25% Senior Notes outstanding, had been validly tendered and not validly withdrawn. The Company accepted for purchase and paid for all of the Old 8.25% Senior Notes that were validly tendered and not validly withdrawn. Holders of the Old 8.25% Senior Notes who validly tendered received in cash \$1,043.75 per \$1,000 principal amount of the Old 8.25% Senior Notes validly tendered, plus accrued and unpaid interest from the October 15, 2023 interest payment date for the Old 8.25% Senior Notes up to, but not including, the settlement date, March 12, 2024. On March 15, 2024, the Company announced that it delivered an irrevocable notice to the holders of all CoreCivic's Old 8.25% Senior Notes that had not been validly tendered or had been validly withdrawn in the Tender Offer, that CoreCivic had elected to redeem in full the Old 8.25% Senior Notes that remained outstanding on April 15, 2024. The remaining principal amount of the outstanding Old 8.25% Senior Notes, which amounted to \$98.8 million, was redeemed on April 15, 2024, at a redemption price equal to 104.125% of the principal amount of the outstanding Old 8.25% Senior Notes, plus accrued and unpaid interest on such Old 8.25% Senior Notes to, but not including, April 15, 2024.

In connection with the Tender Offer, on March 12, 2024, the Company completed an underwritten registered public offering of \$500.0 million aggregate principal amount of 8.25% senior unsecured notes due 2029 (the "New 8.25% Senior Notes"), which are guaranteed by all the Company's subsidiaries that guarantee the Bank Credit Facility, the 4.75% Senior Notes, and the Old 8.25% Senior Notes (until their repayment and satisfaction on April 15, 2024). The New 8.25% Senior Notes were offered pursuant to CoreCivic's shelf registration statement on Form S-3, which became effective upon filing with the SEC on March 4, 2024. The net proceeds from the issuance of the New 8.25% Senior Notes totaled approximately \$490.3 million, after deducting underwriting discounts and offering expenses. The Company used the net proceeds from the offering of the New 8.25% Senior Notes, together with borrowings under the Revolving Credit Facility and cash on hand, to fund the Tender Offer, and to redeem the remaining outstanding balance of the Old 8.25% Senior Notes on April 15, 2024. CoreCivic recorded charges totaling \$31.3 million during the first and second quarters of 2024 associated with the Tender Offer and redemption of the Old 8.25% Senior Notes, including the non-cash write-off of unamortized loan issuance costs and original issue premium.

The 4.75% Senior Notes and the New 8.25% Senior Notes (collectively, the "Senior Notes") are senior unsecured obligations of the Company and are guaranteed by all of the Company's existing and future subsidiaries that guarantee the Bank Credit Facility. CoreCivic may redeem all or part of the 4.75% Senior Notes at any time prior to three months before their maturity date at a "make-whole" redemption price, plus accrued and unpaid interest thereon to, but not including, the redemption date. Thereafter, the 4.75% Senior Notes are redeemable at CoreCivic's option, in whole or in part, at a redemption price equal to 100% of the aggregate principal amount of the notes to be redeemed plus accrued and unpaid interest thereon to, but not including, the redemption date. The Company may redeem all or part of the New 8.25% Senior Notes at any time prior to April 15, 2026, in whole or in part, at a "make-whole" redemption price, plus accrued and unpaid interest thereon to, but not including, the redemption date. Thereafter, the New 8.25% Senior Notes are redeemable at CoreCivic's option, in whole or in part, at a redemption price expressed as a percentage of the principal amount thereof, which percentage is 104.125% beginning on April 15, 2026, 102.063% beginning on April 15, 2027, and 100% beginning on April 15, 2028, plus, in each such case, accrued and unpaid interest thereon to, but not including, the redemption date.

The indentures governing the Senior Notes contain certain customary covenants that, subject to certain exceptions and qualifications, restrict CoreCivic's ability to, among other things, create or permit to exist certain liens and consolidate, merge or transfer all or substantially all of CoreCivic's assets. In addition, if CoreCivic experiences specific kinds of changes in control, CoreCivic must offer to repurchase all or any portion of the Senior Notes. The offer price for the Senior Notes in connection with a change in control would be 101% of the aggregate principal amount of the notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased to the date of purchase. The indenture related to the New 8.25% Senior Notes additionally limits CoreCivic's ability to incur indebtedness, make restricted payments and investments and prepay certain indebtedness. The Senior Notes are also subject to cross-default provisions with certain of CoreCivic's other indebtedness, which includes the Bank Credit Facility.

Lansing Correctional Facility Non-Recourse Mortgage Note. On April 20, 2018, CoreCivic of Kansas, LLC (the "Issuer"), a wholly-owned unrestricted subsidiary of the Company, priced \$159.5 million in aggregate principal amount of non-recourse senior secured notes of the Issuer (the "Kansas Notes"), in a private placement pursuant to Section 4(a)(2) of the Securities Act of 1933, as amended. The Kansas Notes have a yield to maturity of 4.43% and are scheduled to mature in January 2040, 20 years following completion of the project, which occurred in January 2020. Principal and interest on the Kansas Notes are payable in quarterly payments, which began in July 2020 and continue until maturity. CoreCivic may redeem all or part of the Kansas Notes at any time upon written notice of not less than 30 days and not more than 60 days prior to the date fixed for such prepayment, with a "make-whole" amount, together with interest on the Kansas Notes accrued to, but not including, the redemption date. Because the Issuer has been designated as an unrestricted subsidiary of the Company under terms of the Bank Credit Facility, the issuance and service of the Kansas Notes, and the revenues and expenses associated with the facility lease, do not impact the financial covenants associated with the Bank Credit Facility. As of September 30, 2024, the outstanding balance of the Kansas Notes was \$141.5 million.

Debt Maturities. Scheduled principal payments as of September 30, 2024 for the remainder of 2024, the next five years, and thereafter were as follows (in thousands):

| | |
|------------------|---------------------|
| 2024 (remainder) | \$ 2,936 |
| 2025 | 12,073 |
| 2026 | 15,701 |
| 2027 | 262,423 |
| 2028 | 97,995 |
| 2029 | 507,985 |
| Thereafter | 105,803 |
| Total debt | <u>\$ 1,004,916</u> |

5. STOCKHOLDERS' EQUITY

Share Repurchase Program

On May 12, 2022, the Company's Board of Directors ("BOD") approved a share repurchase program to repurchase up to \$150.0 million of the Company's common stock. On August 2, 2022, the BOD increased the authorization to repurchase under the share repurchase program by up to an additional \$75.0 million of the Company's common stock, or a total aggregate authorized amount to repurchase up to \$225.0 million of the Company's common stock. On May 16, 2024, the BOD authorized an additional increase to the share repurchase program by which the Company may purchase up to an additional \$125.0 million in shares of the Company's outstanding common stock, increasing the total aggregate authorization to up to \$350.0 million. Repurchases of the Company's outstanding common stock will be made in accordance with applicable securities laws and may be made at the Company's discretion based on parameters set by the BOD from time to time in the open market, through privately negotiated transactions, or otherwise. The share repurchase program has no time limit and does not obligate the Company to purchase any particular amount of its common stock. The authorization for the share repurchase program may be terminated, suspended, increased or decreased by the BOD in its discretion at any time. Through December 31, 2023, the Company repurchased 10.1 million shares of its common stock at a total cost of \$112.6 million, excluding costs associated with the share repurchase program, or \$11.16 per share. During the nine months ended September 30, 2024, the Company repurchased 4.0 million shares of its common stock at a total cost of \$59.5 million, excluding costs associated with the share repurchase program, or \$14.80 per share. No shares were repurchased during the third quarter of 2024. As of September 30, 2024, the Company had repurchased a total of 14.1 million common shares at an aggregate cost of \$172.1 million, or \$12.20 per share, and had \$177.9 million of repurchase authorization available under the share repurchase program.

Restricted Stock Units

During the nine months ended September 30, 2024, CoreCivic issued approximately 1.6 million restricted common stock units ("RSUs") to certain of its employees and non-employee directors, with an aggregate value of \$23.5 million, including 1.5 million RSUs to employees and non-employee directors whose compensation is charged to general and administrative expense and 0.1 million RSUs to employees whose compensation is charged to operating expense. During the full year 2023, CoreCivic issued approximately 2.0 million RSUs to certain of its employees and non-employee directors, with an aggregate value of \$22.3 million, including 1.8 million RSUs to employees and non-employee directors whose compensation is charged to general and administrative expense and 0.2 million RSUs to employees whose compensation is charged to operating expense.

CoreCivic has established performance-based vesting conditions on a portion of the RSUs awarded to its officers and executive officers that, unless earlier vested under the terms of the agreements, are subject to vesting over a three-year period based upon the satisfaction of certain annual performance criteria. The RSUs awarded to officers and executive officers in 2022, 2023 and 2024 consist of a combination of awards with performance-based conditions and time-based conditions. Unless earlier vested under the terms of the RSU agreements, the RSUs with time-based vesting conditions vest in equal amounts over three years on the later of (i) the anniversary date of the grant or (ii) the delivery of the audited financial statements by the Company's independent registered public accountant for the applicable fiscal year. The RSUs with performance-based vesting conditions are divided into one-third increments, each of which is subject to vesting based upon satisfaction of certain annual performance criteria established at the beginning of the fiscal years ending December 31, 2022, 2023, and 2024 for the 2022 awards, December 31, 2023, 2024, and 2025 for the 2023 awards, and December 31, 2024, 2025, and 2026 for the 2024 awards, and which can be increased up to 150% or decreased to 0% based on performance relative to the annual performance criteria, and further increased or decreased using a modifier of 80% to 120% based on CoreCivic's total shareholder return relative to a peer group. Because the performance criteria for the fiscal years ending December 31, 2025 and 2026 have not yet been established, the values of the third RSU increment of the 2023 awards and of the second and third increments of the 2024 awards for financial reporting purposes will not be determined until such criteria are established. A portion of the RSU award granted to CoreCivic's chief executive officer in 2024 contains a single performance-based vesting condition that results in full vesting on the later of (i) the second anniversary of the award or (ii) the delivery of the audited financial statements by the Company's independent registered public accountant for the fiscal year ending December 31, 2025, if the performance criteria is met for the year ending December 31, 2025, or no vesting if the performance criteria is not met for such year. Time-based RSUs issued to other employees, unless earlier vested under the terms of the agreements, generally vest in equal amounts over three years on the later of (i) the anniversary date of the grant or (ii) the delivery of the audited financial statements by the Company's independent registered public accountant for the applicable fiscal year. RSUs issued to non-employee directors generally vest one year from the date of award. As of September 30, 2024, approximately 3.2 million RSUs remained outstanding and subject to vesting.

During the three months ended September 30, 2024, CoreCivic expensed \$7.6 million, net of forfeitures, relating to RSUs (\$0.3 million of which was recorded in operating expenses and \$7.3 million of which was recorded in general and administrative expenses). During the three months ended September 30, 2023, CoreCivic expensed \$5.3 million, net of forfeitures, relating to RSUs (\$0.4 million of which was recorded in operating expenses and \$4.9 million of which was recorded in general and administrative expenses).

During the nine months ended September 30, 2024, CoreCivic expensed \$18.7 million, net of forfeitures, relating to RSUs (\$1.2 million of which was recorded in operating expenses and \$17.5 million of which was recorded in general and administrative expenses). During the nine months ended September 30, 2023, CoreCivic expensed \$15.4 million, net of forfeitures, relating to RSUs (\$1.3 million of which was recorded in operating expenses and \$14.1 million of which was recorded in general and administrative expenses).

6. EARNINGS PER SHARE

Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding during the year. Diluted earnings per share reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock or resulted in the issuance of common stock that then shared in the earnings of the entity. For CoreCivic, diluted earnings per share is computed by dividing net income by the weighted average number of common shares after considering the additional dilution related to restricted stock-based awards.

A reconciliation of the numerator and denominator of the basic earnings per share computation to the numerator and denominator of the diluted earnings per share computation is as follows (in thousands, except per share data):

| | For the Three Months Ended September 30, | | For the Nine Months Ended September 30, | |
|---|---|----------------|--|----------------|
| | 2024 | 2023 | 2024 | 2023 |
| NUMERATOR | | | | |
| Basic: | | | | |
| Net income | \$ 21,096 | \$ 13,892 | \$ 49,593 | \$ 41,122 |
| Diluted: | | | | |
| Net income | \$ 21,096 | \$ 13,892 | \$ 49,593 | \$ 41,122 |
| DENOMINATOR | | | | |
| Basic: | | | | |
| Weighted average common shares outstanding | 110,271 | 113,605 | 111,174 | 113,919 |
| Diluted: | | | | |

| Weighted average shares and assumed conversions | 110,971 | 114,407 | 111,994 | 114,605 |
| BASIC EARNINGS PER SHARE | \$ 0.19 | \$ 0.12 | \$ 0.45 | \$ 0.36 |
| DILUTED EARNINGS PER SHARE | \$ 0.19 | \$ 0.12 | \$ 0.44 | \$ 0.36 |

7. COMMITMENTS AND CONTINGENCIES

Legal Proceedings

The nature of CoreCivic's business results in claims and litigation alleging that it is liable for damages arising from the conduct of its employees, offenders or others. The nature of such claims includes, but is not limited to, claims arising from employee or offender misconduct, medical malpractice, employment matters, property loss, contractual claims, including claims regarding compliance with contract performance requirements, and personal injury or other damages resulting from contact with CoreCivic's facilities, personnel or offenders, including damages arising from an offender's escape or from a disturbance at a facility. CoreCivic maintains insurance to cover many of these claims, which may mitigate the risk that any single claim would have a material effect on CoreCivic's consolidated financial position, results of operations, or cash flows, provided the claim is one for which coverage is available. The combination of self-insured retentions and deductible amounts means that, in the aggregate, CoreCivic is subject to self-insurance risk.

Based upon management's review of the potential claims and outstanding litigation, and based upon management's experience and history of estimating losses, and taking into consideration CoreCivic's self-insured retention amounts, management believes a loss in excess of amounts already recognized would not be material to CoreCivic's consolidated financial statements. Adversarial proceedings and litigation are, however, subject to inherent uncertainties, and unfavorable decisions and rulings resulting from legal proceedings could occur which could have a material impact on CoreCivic's consolidated financial position, results of operations, or cash flows for the period in which such decisions or rulings occur, or future periods. Expenses associated with legal proceedings may also fluctuate from quarter to quarter based on changes in CoreCivic's assumptions, new developments, or by the effectiveness of CoreCivic's litigation and settlement strategies.

CoreCivic records a liability in the consolidated financial statements for loss contingencies when a loss is known or considered probable, and the amount can be reasonably estimated. If the reasonable estimate of a known or probable loss is a range, and no amount within the range is a better estimate than any other, the minimum amount of the range is accrued. If a loss is reasonably possible but not known or probable, and can be reasonably estimated, the estimated loss or range of loss is disclosed. When determining the estimated loss or range of loss, significant judgment is required to estimate the amount and timing of a loss to be recorded. Any receivable for insurance recoveries is recorded separately from the corresponding litigation reserve, and only if recovery is determined to be probable and the amount of payment can be determined. CoreCivic does not accrue for anticipated legal fees and costs and expenses those items as incurred.

ICE Detainee Labor and Related Matters. On May 31, 2017, two former ICE detainees, who were detained at the Company's Otay Mesa Detention Center ("OMDC") in San Diego, California, filed a class action lawsuit against the Company in the United States District Court for the Southern District of California. The complaint alleged that the Company forces detainees to perform labor under threat of punishment in violation of state and federal anti-trafficking laws and that OMDC's Voluntary Work Program ("VWP") violates state labor laws including state minimum wage laws. ICE requires that CoreCivic offer and operate the VWP in conformance with ICE standards and ICE prescribes the minimum rate of pay for VWP participants. The Plaintiffs seek compensatory damages, exemplary damages, restitution, penalties, and interest as well as declaratory and injunctive relief on behalf of former and current detainees. On April 1, 2020, the district court certified a nationwide anti-trafficking claims class of former and current detainees who participated in an ICE VWP at a CoreCivic facility. It also certified a state law class of former and current detainees who participated in a VWP wherever the Company held ICE detainees in California. The Company has exhausted appeals of the class certification order. On May 6, 2024, the district court stayed the filing of dispositive motions on state law claims under California law pending the outcome of a related case being prosecuted by another private prison company. That case is currently on appeal in the Ninth Circuit Court of Appeals. The claims resulting in certified classes are proceeding in all other respects in the United States District Court for the Southern District of California, where the discovery process has commenced. A second California lawsuit concerning the VWP at OMDC has been stayed pending the outcome of class proceedings in the first California case described above.

Due to the stage of the ongoing proceedings, the Company cannot reasonably predict the outcomes, nor can it estimate the amount of loss or range of loss, if any, that may result. As a result, the Company has not recorded an accrual relating to these matters at this time, as losses are not considered probable or reasonably estimable at this stage of these lawsuits.

U.S. Department of Justice Investigation

In August 2024, the state of Tennessee was notified by letter that the DOJ was commencing an investigation under the Civil Rights Institutionalized Persons Act of conditions in the Company-owned and operated Trousdale Turner Correctional Center, which the Company manages on behalf of the Tennessee Department of Corrections. The Company is cooperating with the investigation.

8. INCOME TAXES

Income taxes are accounted for under the provisions of ASC 740, "Income Taxes". ASC 740 generally requires CoreCivic to record deferred income taxes for the tax effect of differences between book and tax bases of its assets and liabilities. Deferred income taxes reflect the available net operating losses and the net tax effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes using enacted tax rates in effect for the year in which the differences are expected to reverse. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in the consolidated statement of operations in the period that includes the enactment date. Realization of the future tax benefits related to deferred tax assets is dependent on many factors, including CoreCivic's past earnings history, expected future earnings, the character and jurisdiction of such earnings, unsettled circumstances that, if unfavorably resolved, would adversely affect utilization of its deferred tax assets, carryback and carryforward periods, and tax strategies that could potentially enhance the likelihood of realization of a deferred tax asset. CoreCivic recorded an income tax expense of \$9.1 million and \$5.6 million for the three months ended September 30, 2024 and 2023, respectively. CoreCivic recorded an income tax expense of \$17.2 million and \$18.0 million for the nine months ended September 30, 2024 and 2023, respectively. The Company's income tax expense for the nine months ended September 30, 2024 varied from its statutory tax rate primarily due to a \$2.6 million tax benefit for stock-based compensation vesting recognized in the first quarter of 2024. The Company's income tax expense for the nine months ended September 30, 2023 varied from its statutory tax rate primarily due to a \$0.9 million charge for the revaluation of deferred tax liabilities due to an internal restructuring.

The Inflation Reduction Act of 2022 (the "Inflation Reduction Act") was signed into law on August 16, 2022. Among other provisions, the Inflation Reduction Act creates an excise tax of 1% on the fair value of net stock repurchases in excess of share issuances made by publicly traded U.S. corporations, effective for repurchases after December 31, 2022. The impact of this excise tax on the Company's financial position, and/or liquidity, in future periods, will vary based on the level of net stock repurchases in excess of share issuances made by the Company in a given year. The Company has concluded that the excise tax associated with stock repurchases is properly recognized as a component of equity given that it is a direct cost associated with the repurchase of common stock. The excise tax recognized during the nine months ended September 30, 2024 and 2023 was estimated to be \$0.4 million and \$0.1 million, respectively, associated with the repurchase of shares, net of the shares issued during the same period for restricted stock plans as permitted by the issuance offset rule under the Inflation Reduction Act.

Income Tax Contingencies

ASC 740 prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The guidance prescribed in ASC 740 establishes a recognition threshold of more likely than not that a tax position will be sustained upon examination. The measurement attribute requires that a tax position be measured at the largest amount of benefit that is greater than 50% likely of being realized upon ultimate settlement.

CoreCivic had no liabilities recorded for uncertain tax positions as of September 30, 2024 and December 31, 2023. CoreCivic recognizes interest and penalties related to unrecognized tax positions in income tax expense. CoreCivic does not currently anticipate that the total amount of unrecognized tax positions will significantly change in the next twelve months.

9. SEGMENT REPORTING

As of September 30, 2024, CoreCivic operated 42 correctional and detention facilities, 38 of which the Company owned or controlled via a long-term lease. In addition, CoreCivic operated 21 residential reentry centers, which it owned or controlled via a long-term lease, and owned 6 properties held for lease to government agencies. Management views CoreCivic's operating results in three operating segments, CoreCivic Safety, CoreCivic Community, and CoreCivic Properties. CoreCivic Safety includes the operating results of those correctional and detention facilities placed into service that were owned or controlled via a long-term lease and managed by CoreCivic, as well as those correctional and detention facilities owned by a third party and managed by CoreCivic. CoreCivic Safety also includes the operating results of TransCor America, LLC, a subsidiary of the Company that provides transportation services to governmental agencies. CoreCivic Community includes the operating results of those residential reentry centers placed into service that were owned or controlled via a long-term lease and managed by CoreCivic. CoreCivic Community also includes the operating results of the Company's electronic monitoring and case management services. CoreCivic Properties includes the operating results of those properties held for lease to government agencies. The operating performance of the three segments can be measured based on their net operating income. CoreCivic defines facility net operating income as a facility's revenues less operating expenses.

The revenue and facility net operating income for each of the three segments and a reconciliation to CoreCivic's income before income taxes is as follows for the three and nine months ended September 30, 2024 and 2023 (in thousands):

| | For the Three Months Ended September 30, | | For the Nine Months Ended September 30, | |
|--|---|------------------|--|------------------|
| | 2024 | 2023 | 2024 | 2023 |
| Revenue: | | | | |
| Safety | \$ 459,270 | \$ 443,324 | \$ 1,372,389 | \$ 1,282,717 |
| Community | 28,203 | 29,791 | 88,405 | 84,569 |
| Properties | 4,085 | 10,477 | 21,540 | 37,888 |

| Total assets | \$ 2,913,942 | \$ 3,105,399 |

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion should be read in conjunction with the financial statements and notes thereto appearing elsewhere in this quarterly report on Form 10-Q, or Quarterly Report. In this Quarterly Report we use the terms, the "Company," "CoreCivic," "we," "us," and "our" to refer to CoreCivic, Inc. and its subsidiaries unless context indicates otherwise.

This Quarterly Report contains statements as to our beliefs and expectations of the outcome of future events that are forward-looking statements as defined within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. All statements other than statements of current or historical fact contained herein, including statements regarding our future financial position, business strategy, budgets, projected costs and plans, and objectives of management for future operations, are forward-looking statements. The words "anticipate," "believe," "continue," "could," "estimate," "expect," "intend," "may," "plan," "projects," "will," and similar expressions, as they relate to us, are intended to identify forward-looking statements. These forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from the statements made. These include, but are not limited to, the risks and uncertainties associated with:

- changes in government policy, legislation and regulations that affect utilization of the private sector for corrections, detention, and residential reentry services, in general, or our business, in particular, including, but not limited to, the continued utilization of our correctional and detention facilities by the federal government, including as a consequence of the United States Department of Justice, or DOJ, not renewing contracts as a result of President Biden's Executive Order on Reforming Our Incarceration System to Eliminate the Use of Privately Operated Criminal Detention Facilities, or the Private Prison EO, impacting utilization primarily by the United States Federal Bureau of Prisons, or BOP, and the United States Marshals Service, or USMS, and the impact of any changes to immigration reform and sentencing laws (we do not, under longstanding policy, lobby for or against policies or legislation that would determine the basis for, or duration of, an individual's incarceration or detention);
- our ability to obtain and maintain correctional, detention, and residential reentry facility management contracts because of reasons including, but not limited to, sufficient governmental appropriations, contract compliance, negative publicity and effects of inmate disturbances;
- changes in the privatization of the corrections and detention industry, the acceptance of our services, the timing of the opening of new facilities and the commencement of new management contracts (including the extent and pace at which new contracts are utilized), as well as our ability to utilize available beds;
- general economic and market conditions, including, but not limited to, the impact governmental budgets can have on our contract renewals and renegotiations, per diem rates, and occupancy;
- fluctuations in our operating results because of, among other things, changes in occupancy levels; competition; contract renegotiations or terminations; inflation and other increases in costs of operations, including a rise in labor costs; fluctuations in interest rates and risks of operations;
- government budget uncertainty, the impact of the debt ceiling and the potential for government shutdowns and changing budget priorities;
- our ability to successfully identify and consummate future development and acquisition opportunities and realize projected returns resulting therefrom;
- our ability to have met and maintained qualification for taxation as a real estate investment trust, or REIT, for the years we elected REIT status; and
- the availability of debt and equity financing on terms that are favorable to us, or at all.

Any or all of our forward-looking statements in this Quarterly Report may turn out to be inaccurate. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy, and financial needs. Our statements can be affected by inaccurate assumptions we might make or by known or unknown risks, uncertainties and assumptions, including the risks, uncertainties, and assumptions described in our Annual Report on Form 10-K for the year ended December 31, 2023 (including those risks and uncertainties described under Part I, Item 1A. Risk Factors) filed with the Securities and Exchange Commission, or the SEC, on February 20, 2024, or the 2023 Form 10-K, and in other reports, documents, and other information we file with the SEC from time to time. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date hereof. New risks and uncertainties arise from time to time, and it is impossible for us to predict these events or how they may affect us. We undertake no obligation to publicly update or revise any forward-looking statements made in this Quarterly Report, except as may be required by law.

All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements.

OVERVIEW

The Company

We are a diversified government solutions company with the scale and experience needed to solve tough government challenges in flexible, cost-effective ways. Through three segments, CoreCivic Safety, CoreCivic Community, and CoreCivic Properties, we provide a broad range of solutions to government partners that serve the public good through corrections and detention management, a network of residential reentry centers to help address America's recidivism crisis, and government real estate solutions. We have been a flexible and dependable partner for government for over 40 years. Our employees are driven by a deep sense of service, high standards of professionalism and a responsibility to help government better the public good.

We are the nation's largest owner of partnership correctional, detention, and residential reentry facilities and one of the largest prison operators in the United States. As of September 30, 2024, through our CoreCivic Safety segment, we operated 42 correctional and detention facilities, 38 of which we owned or controlled via a long-term lease, with a total design capacity of approximately 62,000 beds. Through our CoreCivic Community segment, we operated 21 residential reentry centers, which we owned or controlled via a long-term lease, with a total design capacity of approximately 4,000 beds. In addition, through our CoreCivic Properties segment, we owned 6 properties, with a total design capacity of approximately 10,000 beds.

In addition to providing fundamental residential services, our correctional, detention, and residential reentry facilities offer a variety of rehabilitation and educational programs, including basic education, faith-based services, life skills and employment training, and substance abuse treatment. These services are intended to help reduce recidivism and to prepare offenders for their successful reentry into society upon their release. We also provide or make available to offenders certain health care (including medical, dental, and mental health services), food services, and work and recreational programs.

We are a Maryland corporation formed in 1983. Our principal executive offices are located at 5501 Virginia Way, Brentwood, Tennessee, 37027, and our telephone number at that location is (615) 263-3000. Our website address is www.corecivic.com. We make available on or through our website certain reports and amendments to those reports that we file with or furnish to the SEC in accordance with the Securities Exchange Act of 1934, as amended, or the Exchange Act. Such reports include our Annual Reports on Form 10-K, our Quarterly Reports on Form 10-Q and our Current Reports on Form 8-K and our definitive proxy statement. We make this information available on our website free of charge as soon as reasonably practicable after we electronically file the information with, or furnish it to, the SEC. In addition, we routinely post on the "Investors" page of our website news releases, announcements and other statements about our business and results of operations, some of which may contain information that may be deemed material to investors. Therefore, we encourage investors to monitor the "Investors" page of our website and review the information we post on that page. Information contained on our website is not incorporated by reference herein and is not part of this Quarterly Report.

The SEC maintains a website that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC at the following address: www.sec.gov.

On January 26, 2021, President Biden issued the Private Prison EO. The Private Prison EO directs the Attorney General to not renew DOJ contracts with privately operated criminal detention facilities. Two agencies of the DOJ, the BOP and the USMS, utilize our services. The BOP houses inmates who have been convicted, and the USMS is generally responsible for detainees who are awaiting trial. The Private Prison EO only applies to agencies that are part of the DOJ, which includes the BOP and USMS. U.S. Immigration and Customs Enforcement, or ICE, facilities are not covered by the Private Prison EO, as ICE is an agency of the Department of Homeland Security, or DHS, not the DOJ. For the nine months ended September 30, 2024, USMS and ICE accounted for 21% (\$303.9 million) and 30% (\$444.5 million), respectively, of our total revenue. For the twelve months ended December 31, 2023, USMS and ICE accounted for 21% (\$400.4 million) and 30% (\$565.5 million), respectively, of our total revenue.

Unlike the BOP, the USMS does not own detention capacity and relies on the private sector, along with various government agencies, for its detainee population. We no longer operate any prison contracts for the BOP. We currently have two detention facilities that have direct contracts with the USMS. Because of the lack of alternative bed capacity, one of the contracts was renewed upon its expiration in September 2023, and now expires in September 2028. The second direct contract expires in October 2025. It is too early to predict the outcome of the expiration of the contract scheduled to expire in October 2025, and future developments could occur prior to the scheduled expiration date. This second direct contract generated management revenue of \$30.1 million during the nine months ended September 30, 2024.

In March 2020, the World Health Organization declared the outbreak of COVID-19 as a pandemic. As a result, in the first quarter of 2020, the federal government decided to deny entry at the United States southern border to asylum-seekers and anyone crossing the southern border without proper documentation or authority in an effort to contain the spread of COVID-19, a policy known as Title 42. This policy resulted in a reduction to the number of people ICE detained, including in our detention facilities. The financial impact was somewhat mitigated by fixed monthly payments from ICE at certain of our facilities, to ensure ICE has adequate bed capacity in the event of a surge in the future. Based on COVID-19 trends, the DHS allowed Title 42 to expire on May 11, 2023, which has resulted in an increase in the number of undocumented people permitted to enter the United States claiming asylum, and has resulted in an increase in the number of people apprehended and detained by ICE. During 2023, revenue from ICE was \$565.5 million compared to \$579.5 million during 2019, prior to the implementation of Title 42. During the three and nine months ended September 30, 2024, revenue from ICE was \$139.7 million and \$444.5 million, respectively, compared to \$144.6 million and \$412.0 million during the three and nine months ended September 30, 2023, respectively. However, our revenue from ICE was negatively impacted during the three and nine months ended September 30, 2024, by the termination of an inter-governmental service agreement, or IGSA, for the 2,400-bed South Texas Family Residential Center, or STFRC, effective August 9, 2024.

We believe the long-term growth opportunities of our business remain attractive as government agencies consider their emergent needs, as well as the efficiency and offender programming opportunities we provide as flexible solutions to satisfy our partners' needs. We have been in discussions with ICE to utilize additional bed capacity in our portfolio, and have responded to their requests for information and requests for proposals, or RFPs. We have also been in discussions with several state and county government agencies that have experienced challenges in staffing their public-sector facilities and are seeking solutions from the private sector. Further, several of our existing government partners, as well as prospective government partners, have been experiencing growth in offender populations and overcrowded conditions. Governments are continuing to assess their need for correctional space, and several are continuing to consider alternative correctional capacity for their aged or inefficient infrastructure, or are seeking cost savings by utilizing the private sector, which could result in increased future demand for the solutions we provide. For example, on September 25, 2023, we announced that we signed a new management contract with Hinds County, Mississippi to care for up to 250 adult male pre-trial detainees at our 2,672-bed Tallahatchie County Correctional Facility in Tutwiler, Mississippi. The initial contract term is for two years, which may be extended for an additional year upon mutual agreement. In addition, on November 16, 2023, we announced that we signed a new management contract with the state of Wyoming to care for up to 240 male inmates at the Tallahatchie facility. The term of the new contract runs through June 30, 2026. Also on November 16, 2023, we announced that we signed a new contract with Harris County, Texas, to care for up to 360 male inmates at the Tallahatchie facility. Upon mutual agreement, Harris County may access an additional 360 beds at the facility. The initial contract term began on December 1, 2023, and was recently renewed for an additional one-year term commencing December 1, 2024. Following the recent renewal, the contract may be extended at Harris County's option for up to three additional one-year terms. In addition to the recent contracts with Hinds County, the state of Wyoming, and Harris County, we currently care for residents from the USMS, the state of Vermont, the U.S. Virgin Islands, and Tallahatchie County at the Tallahatchie facility, which demonstrates the flexible solutions that we provide. On November 14, 2023, we announced that we signed a new management contract with the state of Montana to care for up to 120 inmates at our 1,896-bed Saguaro Correctional Facility in Eloy, Arizona. The new contract is scheduled to expire on October 31, 2025, and may be extended by mutual agreement for a total term of up to seven years. In addition, on August 1, 2024, we entered into a second new management contract with the state of Montana to care for an unspecified number of inmates at facilities we operate. The second new contract is scheduled to expire on July 31, 2026, and may be extended by mutual agreement for a total term of up to seven years. During the third quarter of 2024, we received an additional 125 inmates from the state of Montana at our Saguaro facility under the second new contract. We also care for residents from the state of Hawaii and the state of Idaho at the Saguaro facility. We also manage the fully occupied company-owned Crossroads Correctional Center in Shelby, Montana for the state of Montana pursuant to a separate management contract.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The consolidated financial statements in this Quarterly Report are prepared in conformity with U.S. generally accepted accounting principles, or GAAP. As such, we are required to make certain estimates, judgments, and assumptions that we believe are reasonable based upon the information available which, by their nature, are subject to an inherent degree of uncertainty. These estimates and assumptions affect the reported amounts of assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. There can be no assurance that actual results will not differ from our estimates. A summary of our significant accounting policies is described in our 2023 Form 10-K. The significant accounting policies and estimates which we believe are the most critical to aid in fully understanding and evaluating our reported financial results include those related to idle facilities and asset impairments, self-funded insurance reserves, and legal reserves. For a discussion of our critical accounting policies and estimates, please refer to *Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations"* and *"Notes to Consolidated Financial Statements"* presented in our 2023 Form 10-K. There were no newly identified critical accounting policies during the first nine months of 2024, nor were there any material changes to the critical accounting policies and estimates discussed in our 2023 Form 10-K.

RESULTS OF OPERATIONS

Our results of operations are impacted by the number of correctional and detention facilities we operated, including 38 we owned or controlled via a long-term lease and four owned by our government partners (CoreCivic Safety), the number of residential reentry centers we owned or controlled via a long-term lease (CoreCivic Community), the number of facilities we leased to government agencies (CoreCivic Properties), and the facilities we owned that were not in operation. The following table sets forth the changes in the number of facilities in operation for the periods presented:

| | Effective Date | CoreCivic | | | Total |
|---|-------------------|-----------|-----------|------------|-----------|
| | | Safety | Community | Properties | |
| Facilities as of December 31, 2022 | | 44 | 23 | 8 | 75 |
| Sale of two leased community corrections facilities in Pennsylvania | May 2023 | — | — | (2) | (2) |
| Lease of the Allen Gamble Correctional Center | October 2023 | (1) | — | 1 | — |
| Sale of a leased property in Georgia | December 2023 | — | — | (1) | (1) |
| Facilities as of December 31, 2023 | | 43 | 23 | 6 | 72 |
| Sale and subsequent expiration of the management contract at a residential reentry center in Colorado | July 2024 | — | (1) | — | (1) |
| Sale of an idled residential reentry center in Oklahoma | July 2024 | — | (1) | — | (1) |
| Termination of the contract and lease agreement at the South Texas Family Residential Center | August 2024 | (1) | — | — | (1) |
| Facilities as of September 30, 2024 | | 42 | 21 | 6 | 69 |

Three and Nine Months Ended September 30, 2024 Compared to the Three and Nine Months Ended September 30, 2023

Net income was \$21.1 million, or \$0.19 per diluted share, for the three months ended September 30, 2024, compared with net income of \$13.9 million, or \$0.12 per diluted share, for the three months ended September 30, 2023. Net income was \$49.6 million, or \$0.44 per diluted share, for the nine months ended September 30, 2024, compared with net income of \$41.1 million, or \$0.36 per diluted share, for the nine months ended September 30, 2023. Financial results for the three and nine months ended September 30, 2024 reflect a gain on the sale of real estate assets of \$1.2 million and \$1.7 million, respectively, and \$3.1 million of asset impairments. Financial results for the nine months ended September 30, 2024 also reflect \$31.3 million of expenses associated with debt repayments and refinancing transactions. For the three and nine months ended September 30, 2024, income tax expense reflects a net benefit of \$0.6 million and \$10.2 million, respectively, associated with these special items. Financial results for the three and nine months ended September 30, 2023 reflect a \$0.4 million gain on the sale of real estate assets and \$2.7 million of asset impairments. Financial results for the three and nine months ended September 30, 2023 also reflect \$0.1 million and \$0.3 million, respectively, of expenses associated with debt repayments and refinancing transactions. For the three months ended September 30, 2023, income tax expense reflects a net benefit of \$0.7 million associated with these special items. For the nine months ended September 30, 2023, income tax expense reflects a net expense of \$0.1 million associated with these special items and a change in our corporate tax structure in 2023.

Our Current Operations

Our ongoing operations are organized into three principal business segments:

- CoreCivic Safety segment, consisting of the 42 correctional and detention facilities that are owned or controlled via a long-term lease and managed by CoreCivic, as well as those correctional and detention facilities owned by third parties but managed by CoreCivic. CoreCivic Safety also includes the operating results of our subsidiary that provides transportation services to governmental agencies, TransCor America, LLC, or TransCor.
- CoreCivic Community segment, consisting of the 21 residential reentry centers that are owned or controlled via a long-term lease and managed by CoreCivic. CoreCivic Community also includes the operating results of our electronic monitoring and case management services.
- CoreCivic Properties segment, consisting of the 6 correctional real estate properties owned by CoreCivic.

For the three and nine months ended September 30, 2024 and 2023, our total segment net operating income, which we define as facility revenue (including interest income associated with finance leases) less operating expenses, was divided among our three business segments as follows:

| Segment: | For the Three Months Ended September 30, | | For the Nine Months Ended September 30, | |
|------------|---|--------|--|--------|
| | 2024 | 2023 | 2024 | 2023 |
| Safety | 94.3 % | 85.2 % | 90.9 % | 84.2 % |
| Community | 2.9 % | 6.0 % | 4.2 % | 4.9 % |
| Properties | 2.8 % | 8.8 % | 4.9 % | 10.9 % |

Facility Operations

A key performance indicator we use to measure the revenue and expenses associated with the operation of the correctional, detention, and residential reentry facilities we own or manage is expressed in terms of a compensated man-day, which represents the revenue we generate and expenses we incur for one offender for one calendar day. Revenue and expenses per compensated man-day are computed by dividing facility revenue and expenses by the total number of compensated man-days during the period. A compensated man-day represents a calendar day for which we are paid for the occupancy of an offender. We believe the measurement is useful because we are compensated for operating and managing facilities at an offender per diem rate based upon actual or minimum guaranteed occupancy levels. We also measure our costs on a per compensated man-day basis, which are largely dependent upon the number of offenders we accommodate. Further, per compensated man-day measurements are also used to estimate our potential profitability based on certain occupancy levels relative to design capacity. Revenue and expenses per compensated man-day for all of the correctional, detention, and residential reentry facilities placed into service that we owned or managed, exclusive of those held for lease, and for TransCor were as follows for the three and nine months ended September 30, 2024 and 2023:

| | For the Three Months Ended September 30, | | For the Nine Months Ended September 30, | |
|---|---|----------|--|----------|
| | 2024 | 2023 | 2024 | 2023 |
| Revenue per compensated man-day | \$ 102.56 | \$ 98.66 | \$ 101.69 | \$ 97.52 |
| Operating expenses per compensated man-day: | | | | |
| Fixed expense | 57.60 | 56.37 | 57.07 | 55.47 |
| Variable expense | 19.42 | 21.30 | 20.09 | 21.54 |
| Total | 77.02 | 77.67 | 77.16 | 77.01 |
| Operating income per compensated man-day | \$ 25.54 | \$ 20.99 | \$ 24.53 | \$ 20.51 |
| Operating margin | 24.9 % | 21.3 % | 24.1 % | 21.0 % |
| Average compensated occupancy | 75.2 % | 72.0 % | 74.9 % | 70.8 % |
| Average available beds | 67,539 | 71,068 | 68,775 | 71,068 |
| Average compensated population | 50,757 | 51,138 | 51,489 | 50,308 |

Revenue

Total revenue consists of management revenue we generate through CoreCivic Safety and CoreCivic Community in the operation of correctional, detention, and residential reentry facilities, as well as the revenue we generate from TransCor and our electronic monitoring and case management services. Total revenue also consists of lease revenue we generate through CoreCivic Properties from facilities we lease to third-party operators. The following table reflects the components of revenue for the three and nine months ended September 30, 2024 and 2023 (in millions):

| | For the Three Months Ended September 30, | | \$ Change | % Change |
|--------------------------|---|----------|-----------|----------|
| | 2024 | 2023 | | |
| Management revenue: | | | | |
| Federal | \$ 250.4 | \$ 251.9 | \$ (1.5) | (0.6%) |
| State | 197.8 | 192.2 | 5.6 | 2.9% |
| Local | 12.2 | 8.8 | 3.4 | 38.6% |
| Other | 27.1 | 20.2 | 6.9 | 34.2% |
| Total management revenue | 487.5 | 473.1 | 14.4 | 3.0% |
| Lease revenue | 4.1 | 10.5 | (6.4) | (61.0%) |
| Other revenue | — | 0.1 | (0.1) | (100.0%) |
| Total revenue | \$ 491.6 | \$ 483.7 | \$ 7.9 | 1.6% |

| | For the Nine Months Ended September 30, | | \$ Change | % Change |
|--------------------------|--|------------|-----------|----------|
| | 2024 | 2023 | | |
| Management revenue: | | | | |
| Federal | \$ 771.6 | \$ 731.8 | \$ 39.8 | 5.4% |
| State | 576.3 | 551.5 | 24.8 | 4.5% |
| Local | 37.1 | 25.8 | 11.3 | 43.8% |
| Other | 75.8 | 58.2 | 17.6 | 30.2% |
| Total management revenue | 1,460.8 | 1,367.3 | 93.5 | 6.8% |
| Lease revenue | 21.5 | 37.9 | (16.4) | (43.3%) |
| Other revenue | 0.1 | 0.2 | (0.1) | (50.0%) |
| Total revenue | \$ 1,482.4 | \$ 1,405.4 | \$ 77.0 | 5.5% |

Total management revenue increased \$14.4 million, or 3.0%, and \$93.5 million, or 6.8%, for the three and nine months ended September 30, 2024, respectively, as compared with the same periods in 2023. The increase in total management revenue in both the three- and nine-month periods was primarily a result of an increase in revenue of \$18.2 million and \$58.8 million, respectively, driven primarily by an increase of 4.0% and 4.3%, respectively, in average revenue per compensated man-day. The increase in average revenue per compensated man-day in both periods primarily resulted from the effect of per diem increases at many of our facilities. The increase in total management revenue resulting from an increase in average revenue per compensated man-day in the three-month period was partially offset by a decrease in revenue of \$3.3 million driven primarily by a decrease in average daily compensated population from the third quarter of 2023 to the same period in 2024. The decrease in average daily compensated population during the three-month period was primarily a result of the termination of an IGSA with respect to the STFRC effective August 9, 2024, coupled with a reduction in compensated populations at our Allen Gamble Correctional Center, which transitioned to a lease in our Properties segment effective October 1, 2023.

The increase in total management revenue in the nine-month period was not only a result of the increase in average revenue per compensated man-day, but also a result of an increase in revenue of \$36.4 million driven primarily by an increase in average daily compensated population from 2023 to 2024, including the revenue generated by one additional day of operations due to a leap year in 2024. The increase in revenue resulting from the increases in average revenue per compensated man-day and average daily compensated population in the nine-month period was net of the effect of the reduction in compensated populations at our Allen Gamble Correctional Center and the termination of an IGSA with respect to the STFRC. Notwithstanding the termination of this IGSA, which generated operating margins higher than the portfolio average, we believe the positive impact of the increase in average revenue per compensated man-day at our other facilities has resulted in an increase to our operating margins as residential populations recovered from the impact of COVID-19 and helped offset the wage and employee benefit increases we have been incurring, as further discussed hereinafter. Revenue generated from our electronic monitoring and case management services during the three months ended September 30, 2024 decreased \$0.5 million (from \$9.0 million during the three months ended September 30, 2023 to \$8.5 million during the three months ended September 30, 2024). Revenue generated from our electronic monitoring and case management services during the nine months ended September 30, 2024 decreased \$1.7 million (from \$27.9 million during the nine months ended September 30, 2023 to \$26.2 million during the nine months ended September 30, 2024).

Average daily compensated population decreased 381, or 0.7%, to 50,757 during the three months ended September 30, 2024 compared to 51,138 during the three months ended September 30, 2023. Average daily compensated population increased 1,181, or 2.3%, to 51,489 during the nine months ended September 30, 2024 compared to 50,308 during the nine months ended September 30, 2023. The decrease in average daily compensated population in the three-month period was primarily a result of the termination of an IGSA with respect to the STFRC effective August 9, 2024 and a reduction in compensated populations at our Allen Gamble Correctional Center, which transitioned to a lease in our Properties segment effective October 1, 2023. These decreases were partially offset by an increase in occupancy at other facilities where ICE is our federal partner, as further discussed hereinafter. The decrease in average daily compensated population in the three-month period was also partially offset by the three new local and state contracts we entered into in late 2023 at our 2,672-bed Tallahatchie County Correctional Facility in Tutwiler, Mississippi and the increase in average daily compensated population resulting from the two new management contracts with the state of Montana, the first of which we entered into in November 2023, and the second of which we entered into in August 2024, which contributed to increases in populations held at our 1,896-bed Saguaro Correctional Facility in Eloy, Arizona. The increase in average daily compensated population in the nine-month period was primarily a result of increased occupancy at facilities where ICE is our federal partner and the new local and state contracts mentioned above, partially offset by the termination of an IGSA with respect to the STFRC and the transition of the Allen Gamble Correctional Center to a lease in our Properties segment. Average compensated populations at the Allen Gamble facility were 1,582 and 1,433 for the three and nine months ended September 30, 2023, respectively. Average compensated populations at the STFRC decreased by 1,357 for the three months ended September 30, 2024 compared to the three months ended September 30, 2023, and decreased by 455 for the nine months ended September 30, 2024 compared to the nine months ended September 30, 2023.

The solutions we provide to our federal customers, including primarily ICE and the USMS, continue to be a significant component of our business. The federal customers in our Safety and Community segments generated approximately 51% and 52% of our total revenue for the three months ended September 30, 2024 and 2023, respectively, decreasing \$1.5 million, or 0.6%, during the three months ended September 30, 2024 as compared with the same period in 2023. The federal customers in our Safety and Community segments generated approximately 52% of our total revenue for both the nine months ended September 30, 2024 and 2023, increasing \$39.8 million, or 5.4%, during the nine months ended September 30, 2024 as compared with the same period in 2023. The decrease in federal revenue in the three-month period was primarily a result of the termination of the IGSA with respect to the STFRC effective August 9, 2024, which was partially offset by the effect of increased occupancy and per diem increases at certain facilities. The increase in federal revenue in the nine-month period was primarily a result of increased occupancy and per diem increases at certain facilities and as a result of one additional day of operations due to a leap year in 2024, partially offset by the termination of an IGSA with respect to the STFRC.

As previously described herein, Title 42, which was implemented in the first quarter of 2020, resulted in a reduction to the number of people ICE detained, including in our detention facilities. The financial impact of Title 42 was somewhat mitigated by fixed monthly payments from ICE at certain of our facilities, to ensure ICE has adequate bed capacity in the event of a surge in the future. The expiration of Title 42 on May 11, 2023 has resulted in an increase in the number of undocumented people permitted to enter the United States claiming asylum, and has also resulted in an increase in the number of people apprehended and detained by ICE. During the three and nine months ended September 30, 2024, revenue from ICE was \$139.7 million and \$444.5 million, respectively, compared to \$144.6 million and \$412.0 million, respectively, during the three and nine months ended September 30, 2023. Given the aforementioned termination of the IGSA with ICE with respect to the STFRC, total management revenues were, and are expected to continue to be, negatively impacted following the August 9, 2024 termination date, when compared to prior periods.

State revenues from contracts at correctional, detention, and residential reentry facilities that we operate increased \$5.6 million, or 2.9%, from the third quarter of 2023 to the third quarter of 2024. State revenues increased \$24.8 million, or 4.5%, from the nine months ended September 30, 2023 to the comparable period in 2024. State revenues in both periods increased as a result of per diem increases under a number of our state contracts, as certain states have recognized the need to provide additional funding to address increases in the wages of our employees. State revenues also increased due to higher utilization from the states of Montana and Wyoming due to new management contracts executed during 2023 and 2024, as previously described herein, as well as higher utilization from other states under existing management contracts. State revenues generated during the nine months ended September 30, 2024 also benefited from one additional day of operations due to 2024 being a leap year. The increase in state revenues in both the three- and nine-month periods was partially offset by a decrease in state revenues at our Allen Gamble Correctional Center that resulted from a new lease agreement effective October 1, 2023, as further described hereinafter, and is now reported in our Properties segment.

Local revenues from contracts at correctional, detention, and residential reentry facilities that we operate increased \$3.4 million, or 38.6%, from the third quarter of 2023 to the third quarter of 2024. Local revenues increased \$11.3 million, or 43.8%, from the nine months ended September 30, 2023 to the nine months ended September 30, 2024. The new contracts with Harris County, Texas and Hinds County, Mississippi at our Tallahatchie County Correctional Facility, as previously described herein, contributed to the increase in local revenues in both the three- and nine-month periods. Local revenues in the nine-month period also benefited from the one additional day of operations due to a leap year in 2024.

The \$6.4 million, or 61.0%, decrease in lease revenue from the third quarter of 2023 to the third quarter of 2024, and the \$16.4 million, or 43.3%, decrease in lease revenue from the nine months ended September 30, 2023 to the comparable period in 2024 primarily resulted from the termination of the lease agreement at our California City Correctional Center effective March 31, 2024 and, to a lesser extent, the sale of the Augusta Transitional Center in December 2023, partially offset by the lease revenue at our Allen Gamble Correctional Center from a new lease agreement that became effective October 1, 2023, all as further described hereinafter. The decrease in lease revenue during the nine-month period was also a result of the termination of the lease at our North Fork Correctional Facility effective June 30, 2023, also as further described hereinafter.

Operating Expenses

Operating expenses totaled \$370.8 million and \$377.3 million for the three months ended September 30, 2024 and 2023, respectively, while operating expenses for the nine months ended September 30, 2024 and 2023 totaled \$1,124.7 million and \$1,093.9 million, respectively. Operating expenses consist of those expenses incurred in the operation and management of correctional, detention, and residential reentry facilities, as well as those expenses incurred in the operations of TransCor and our electronic monitoring and case management services. Operating expenses also consist of those expenses incurred in the operation of facilities we lease to third-party operators.

Operating expenses incurred by CoreCivic Safety and CoreCivic Community in connection with the operation and management of our correctional, detention, and residential reentry facilities, as well as those incurred in the operations of TransCor and our electronic monitoring and case management services, decreased \$6.2 million, or 1.7%, during the third quarter of 2024 when compared with the same period in 2023. Operating expenses in the three-month period decreased primarily as a result of the new lease of our Allen Gamble Correctional Center effective October 1, 2023, which is now reported in our Properties segment, and the termination of an IGSA with respect to the STFRC effective August 9, 2024, particularly because ICE ceased using the STFRC in early July 2024, which allowed us to reduce operating expenses associated with the STFRC. We leased the STFRC and the site upon which it was constructed from a third-party lessor. Our lease agreement with the third-party lessor was over a base period concurrent with the extended IGSA, which was amended in September 2020 to extend the term of the lease agreement through September 2026. The lease agreement provided us with the ability to terminate the lease with a notification period of at least 60 days if ICE terminated the extended IGSA. Upon being notified by ICE of its intent to terminate the IGSA at the STFRC, we provided notice to the third-party lessor of our intent to terminate the lease agreement effective August 9, 2024. We have no further lease or other operating expense commitments associated with STFRC following the termination date on August 9, 2024. The decrease in operating expenses incurred by CoreCivic Safety and Community in the three-month period was partially offset by the effect of wage increases resulting from labor shortages and wage pressures, as

further described hereinafter. We achieved higher staffing levels during the three months ended September 30, 2024 when compared to the same period in 2023, and correspondingly, we were able to reduce our use of temporary incentives by \$4.6 million during the three-month period, as we continued to see improvement in our attraction and retention of facility staff in this challenging labor market. The decrease in operating expenses incurred by CoreCivic Safety and Community in the three-month period was also partially offset by increased expenses associated with the new contracts at our Tallahatchie and Saguaro facilities.

Expenses incurred by CoreCivic Safety and CoreCivic Community increased \$30.6 million, or 2.8%, during the nine months ended September 30, 2024, when compared to the same period in 2023. Operating expenses in the nine-month period increased primarily as a result of wage increases resulting from labor shortages and wage pressures. As mentioned above, we achieved higher staffing levels during the first nine months of 2024 when compared to the same period in 2023, and correspondingly, we were able to reduce our use of temporary incentives by \$9.2 million during the nine-month period. Additionally, operating expenses in the nine-month period increased as a result of the new contracts at our Tallahatchie and Saguaro facilities and as a result of the additional day of operations due to 2024 being a leap year. The increase in operating expenses incurred by CoreCivic Safety and Community in the nine-month period was partially offset by the new lease of our Allen Gamble Correctional Center effective October 1, 2023, which is now reported in our Properties segment, and the termination of an IGSA with respect to the STFRC effective August 9, 2024.

Total expenses per compensated man-day decreased to \$77.02 during the three months ended September 30, 2024 from \$77.67 during the three months ended September 30, 2023, a decrease of 0.8%, and increased to \$77.16 during the nine months ended September 30, 2024 from \$77.01 during the same period in the prior year, an increase of 0.2%. We continue to experience labor shortages and wage pressures in several markets across the country, and have provided customary inflationary wage increases to remain competitive. Although the hiring environment has been progressively improving, recruiting has been particularly challenging since the start of the pandemic due to the front-line nature of the services we provide, and the shortage of nursing staff across the country intensified as a result of the COVID-19 pandemic and the challenging labor market. Further, we have incurred incremental expenses to help ensure sufficient staffing levels under unique and challenging working conditions. While we were able to reduce the use of these temporary incentives by \$4.6 million and \$9.2 million during the three and nine months ended September 30, 2024, respectively, when compared to the same periods in 2023 due to the improving hiring environment, we expect to continue to incur a certain level of incremental expenses in future quarters. Incremental expenses include, but may not be limited to, incentive payments to our front-line and field staff, temporary employee housing expenses and other travel related reimbursements, additional paid time off, off-cycle wage increases in certain markets to remain competitive, and registry nursing expenses. These incremental investments have enabled us to increase overall staffing levels, which has contributed to the increase in total expenses per compensated man-day.

We continually monitor compensation levels very closely along with overall economic conditions and will adjust wage levels necessary to help ensure the long-term success of our business. Further, we continually evaluate the structure of our employee benefits package and training programs to ensure we are better able to attract and retain our employees. Salaries and benefits represent the most significant component of our operating expenses, representing approximately 62% and 60% of our total operating expenses during the nine months ended September 30, 2024 and 2023, respectively. As previously mentioned, recruiting and retaining staff has been particularly challenging for us and for the corrections and detention industry as a whole. An inability to attract and retain sufficient personnel could prevent us from caring for additional residential populations for government agencies in need of additional capacity due to an increase in inmate populations or an inability to adequately staff their facilities. An inability to attract and retain sufficient personnel in our existing facilities could also cause our government partners to assess liquidated damages, reduce our residential populations, or in certain circumstances, cancel our contracts. We have also been subjected to staff vacancy deductions as a result of the labor shortages, which are reflected as reductions to other management revenue. Estimating vacancy deduction amounts can be complex and subject to management judgment and estimations. Some of our government partners have granted waivers for vacancy deductions in recognition of the unique and challenging labor market, while others have discretionarily adjusted such deductions based on our extraordinary costs, efforts and incentive programs implemented to attract and retain staff.

Variable expenses per compensated man-day decreased to \$19.42 during the three months ended September 30, 2024, from \$21.30 during the same period in the prior year, or 8.8%, and decreased to \$20.09 during the nine months ended September 30, 2024 from \$21.54 during the same period in the prior year, or 6.7%. The decrease in variable expenses per compensated man-day during the three and nine months ended September 30, 2024 was primarily a result of a decrease in registry nursing expense of \$2.2 million, or \$0.46 per compensated man-day, and \$7.1 million, or \$0.53 per compensated man-day, respectively, when compared to the same periods in 2023. The decrease in variable expenses per compensated man-day in both periods was also a result of decreases in recruiting and travel expenses of \$4.8 million, or \$1.00 per compensated man-day, and \$13.6 million, or \$1.03 per compensated man-day, respectively, when compared to the same periods in 2023. During the first nine months of 2023, recruiting expenses and travel expenses were higher as we supported our staff who were temporarily deployed across the Company to help address the labor shortages we experienced in certain regions, most notably at our La Palma facility in Arizona. While the shortage of nursing staff across the country continues to be challenging, we have seen, and continue to see, improvement in our recruiting and retention of facility staff, including nursing staff, as we have made investments in higher wages and increased our use of part-time positions, which helped us achieve higher staffing levels. The hiring environment for these positions has also improved.

Operating expenses incurred by CoreCivic Properties in connection with facilities we lease to third-party operators decreased \$0.3 million, or 9.9%, and increased \$0.3 million, or 3.2%, during the three and nine months ended September 30, 2024, respectively, when compared with the same periods in 2023. The decrease in operating expenses during the three-month period in 2024 primarily resulted from the expiration of the lease agreement with the California Department of Corrections and Rehabilitation, or CDCR, at our California City Correctional Center effective March 31, 2024, as further described hereinafter, partially offset by the transition of the Allen Gamble Correctional Center from a facility we owned and managed in our Safety segment to a facility we lease in our Properties segment to the Oklahoma Department of Corrections, or ODC, effective October 1, 2023.

The increase in operating expenses in our Properties segment during the nine-month period resulted from the transition of the Allen Gamble Correctional Center from our Safety segment to our Properties segment effective October 1, 2023. This increase was partially offset by the expiration of the lease agreement with the CDCR at our California City Correctional Center effective March 31, 2024, and due to the expiration of the lease agreement with the ODC at our North Fork Correctional Facility effective June 30, 2023, as further described hereinafter.

Facility Management Contracts

We enter into facility management contracts to provide bed capacity and management services to governmental entities in our CoreCivic Safety and CoreCivic Community segments for terms typically ranging from three to five years, with additional renewal periods at the option of the contracting governmental agency. Accordingly, a substantial portion of our facility management contracts are scheduled to expire each year, notwithstanding contractual renewal options that a government agency may exercise. Although we generally expect these customers to exercise renewal options or negotiate new contracts with us, one or more of these contracts may not be renewed by the corresponding governmental agency. Further, our government partners can generally terminate our management contracts for non-appropriation of funds or for convenience.

Additionally, on January 26, 2021, President Biden issued the Private Prison EO. The Private Prison EO directs the Attorney General to not renew DOJ contracts with privately operated criminal detention facilities. Two agencies of the DOJ, the BOP and the USMS, utilize our services. The BOP houses inmates who have been convicted, and the USMS is generally responsible for detainees who are awaiting trial. The BOP has experienced a steady decline in inmate populations over the last decade, a trend that was accelerated by the COVID-19 pandemic. The Private Prison EO only applies to agencies that are part of the DOJ, which includes the BOP and USMS. ICE facilities are not covered by the Private Prison EO, as ICE is an agency of the Department of Homeland Security, or DHS, not the DOJ. For the nine months ended September 30, 2024, USMS and ICE accounted for 21% (\$303.9 million) and 30% (\$444.5 million), respectively, of our total revenue. For the twelve months ended December 31, 2023, USMS and ICE accounted for 21% (\$400.4 million) and 30% (\$565.5 million), respectively, of our total revenue.

Unlike the BOP, the USMS does not own detention capacity and relies on the private sector, along with various government agencies, for its detainee population. We no longer operate any prison contracts for the BOP. We currently have two detention facilities that have direct contracts with the USMS. Because of the lack of alternative bed capacity, one of the contracts was renewed upon its expiration in September 2023, and now expires in September 2028. The second direct contract expires in October 2025. It is too early to predict the outcome of the expiration of the second direct contract scheduled to expire in October 2025, and future developments could occur prior to the scheduled expiration date. This second direct contract generated management revenue of \$30.1 million during the nine months ended September 30, 2024.

Our management contract at the 300-bed Elizabeth Detention Center in New Jersey is currently scheduled to expire November 30, 2024, and contains three one-month extension options. ICE has issued an RFP for up to 600 beds in New Jersey. We intend to offer the Elizabeth Detention Center under this RFP, but can provide no assurance that we will be awarded a new contract under this RFP. We generated total revenue of \$14.6 million at this facility during the nine months ended September 30, 2024.

Based on information available as of the date of this Quarterly Report, we believe we will renew all contracts with our government partners that have expired or are scheduled to expire within the next twelve months that could have a material adverse impact on our financial statements. We believe our renewal rate on existing contracts remains high due to a variety of reasons including, but not limited to, the constrained supply of available beds within the U.S. correctional system, our ownership of the majority of the beds we operate, and the cost effectiveness of the services we provide. However, we can provide no assurance that we will continue to achieve high renewal rates in the future.

CoreCivic Safety

CoreCivic Safety includes the operating results of the correctional and detention facilities that we operated during each period. Total revenue generated by CoreCivic Safety increased \$15.9 million, or 3.6%, from \$443.3 million during the three months ended

September 30, 2023 to \$459.3 million during the three months ended September 30, 2024, and increased \$89.7 million, or 7.0%, from \$1,282.7 million during the nine months ended September 30, 2023 to \$1,372.4 million during the nine months ended September 30, 2024. CoreCivic Safety's facility net operating income increased \$23.5 million, or 25.4%, from \$92.4 million during the three months ended September 30, 2023 to \$115.8 million during the three months ended September 30, 2024, and increased \$63.1 million or 23.6% from \$267.6 million during the nine months ended September 30, 2023 to \$330.7 million during the nine months ended September 30, 2024. During the three and nine months ended September 30, 2024, CoreCivic Safety generated 94.3% and 90.9%, respectively, of our total segment net operating income, compared with 85.2% and 84.2%, respectively, during the three and nine months ended September 30, 2023.

The following table displays the revenue and expenses per compensated man-day for CoreCivic Safety's correctional and detention facilities placed into service that we own and manage and for the facilities we manage but do not own, inclusive of the transportation services provided by TransCor:

| | For the Three Months Ended September 30, | | For the Nine Months Ended September 30, | |
|---|---|----------|--|----------|
| | 2024 | 2023 | 2024 | 2023 |
| CoreCivic Safety Facilities: | | | | |
| Revenue per compensated man-day | \$ 104.05 | \$ 99.96 | \$ 103.04 | \$ 99.07 |
| Operating expenses per compensated man-day: | | | | |
| Fixed expense | 58.23 | 57.26 | 57.72 | 56.31 |
| Variable expense | 19.58 | 21.87 | 20.48 | 22.09 |
| Total | 77.81 | 79.13 | 78.20 | 78.40 |
| Operating income per compensated man-day | \$ 26.24 | \$ 20.83 | \$ 24.84 | \$ 20.67 |
| Operating margin | 25.2% | 20.8% | 24.1% | 20.9% |
| Average compensated occupancy | 75.7% | 72.6% | 75.6% | 71.4% |
| Average available beds | 63,372 | 66,399 | 64,274 | 66,399 |
| Average compensated population | 47,977 | 48,205 | 48,611 | 47,427 |

Operating margins in the CoreCivic Safety segment have been positively impacted by a 4.1% and 4.0% increase in average revenue per compensated man-day during the three and nine months ended September 30, 2024, respectively, when compared to the same periods in 2023. The increase in average revenue per compensated man-day in both periods resulted from the effect of per diem increases at many of our facilities, as we have received per diem increases resulting from additional government appropriations funding to address increases in the wages of our employees. Operating margins in CoreCivic Safety in both the three- and nine-month periods were also positively impacted by decreased variable operating expenses per compensated man-day which were primarily driven by a reduction in registry nursing expenses, as well as travel and recruiting expenses, as previously described herein. The positive impacts on operating margins resulting from the increase in average revenue per compensated man-day and the reduction in variable operating expenses per compensated man-day were partially offset by increased fixed operating expenses per compensated man-day associated with incremental staffing levels, higher wage rates and other related expenses. As previously described herein, we have experienced labor shortages and wage pressures in many markets across the country, and have provided inflationary wage increases above historical averages to remain competitive. Further, we have incurred incremental expenses to help ensure sufficient staffing levels under unique and challenging working conditions, including but not limited to, shift incentive bonuses, recruiting and retention bonuses, temporary employee housing expenses and travel reimbursements, off-cycle wage increases, as well as relocation incentives. While we were able to reduce the use of these temporary incentives during the three and nine months ended September 30, 2024 when compared to the same periods in 2023, we expect to continue to incur a certain level of additional incremental expenses in future quarters as we expect to continue to invest in staffing resources. We believe the significant investments we have made in our workforce have positioned us to meet the emerging needs of our government partners, as certain government agencies are experiencing an increase in the need for correctional and detention capacity in a post-pandemic environment, including as a result of the expiration of Title 42.

On June 10, 2024, we received notice from ICE of its intent to terminate the IGSA for services at the STFRC, effective August 9, 2024. As a result, we provided notice to the third-party lessor of the facility of our intent to terminate the lease effective as of the same date, with no financial penalties as permitted by the lease agreement. Total revenue generated at the STFRC was \$22.5 million and \$39.1 million during the three months ended September 30, 2024 and 2023, respectively, and \$101.2 million and \$117.3 million during the nine months ended September 30, 2024 and 2023, respectively. Facility net operating income at this facility was \$17.4 million and \$16.5 million during the three months ended September 30, 2024 and 2023, respectively, and \$50.4 million and \$49.5 million during the nine months ended September 30, 2024 and 2023, respectively. Despite the contract termination, facility net operating income during the three and nine months ended September 30, 2024 exceeded the prior year periods due to the accelerated recognition of deferred revenue, as well as the rapid ramp-down in detainee populations in early July 2024, resulting in the elimination of most

operating expenses though we continued to generate fixed contractual revenue through the termination date. Even excluding these unique factors positively affecting the third quarter of 2024, the operating margin at STFRC exceeded the average operating margin of our portfolio due to the size and scalability of expenses, and due to the unique design and specialized services provided at the facility. Accordingly, the termination of the contract at this facility had, and will continue to have, a negative impact on operating margins following the termination date. Excluding the STFRC, operating margins in the CoreCivic Safety segment were 22.5% and 18.8% during the three months ended September 30, 2024 and 2023, respectively, and 22.1% and 18.7% for the nine months ended September 30, 2024 and 2023, respectively.

On June 14, 2023, we announced that we entered into a lease agreement with the ODC for our 1,670-bed Allen Gamble Correctional Center which, until October 1, 2023, we reported in our CoreCivic Safety segment and operated under a management contract with the ODC. The management contract was scheduled to expire on June 30, 2023. However, effective July 1, 2023, we entered into a 90-day contract extension for the management contract, after which time, operations of the Allen Gamble facility transferred from us to the ODC in accordance with the new lease agreement. Management revenue generated from the ODC at the Allen Gamble facility was \$23.0 million for 2023 during the period it was reported in the Safety segment, including management revenue of \$8.6 million during the three months ended September 30, 2023. The Allen Gamble facility incurred a net operating loss of \$1.2 million during the period it was reported in the Safety segment during 2023, including net operating income of \$0.3 million during the three months ended September 30, 2023. Upon commencement of the new lease agreement, the Allen Gamble facility has been reported in our CoreCivic Properties segment.

On September 25, 2023, we announced that we signed a new management contract with Hinds County, Mississippi to care for up to 250 adult male pre-trial detainees at our 2,672-bed Tallahatchie County Correctional Facility in Tutwiler, Mississippi. The initial contract term is for two years, which may be extended for an additional year upon mutual agreement. We began receiving inmates from Hinds County during October 2023. In addition, on November 16, 2023, we announced that we signed a new management contract with the state of Wyoming to care for up to 240 male inmates at the Tallahatchie facility. The term of the new contract runs through June 30, 2026. We began receiving inmates from Wyoming in November 2023. Also on November 16, 2023, we announced that we signed a new contract with Harris County, Texas, to care for up to 360 male inmates at the Tallahatchie facility. Upon mutual agreement, Harris County may access an additional 360 beds at the facility. The initial contract term began on December 1, 2023, and was recently renewed for an additional one-year term commencing December 1, 2024. Following the recent renewal, the contract may be extended at Harris County's option for up to three additional one-year terms. We began receiving inmates from Harris County in December 2023. As a result of the new contracts, the occupancy percentage at the Tallahatchie facility increased to 52.4% for the third quarter of 2024 from 26.5% in the third quarter of 2023.

On November 14, 2023, we announced that we signed a new management contract with the state of Montana to care for up to 120 inmates at our 1,896-bed Saguaro Correctional Facility in Eloy, Arizona. The new contract is scheduled to expire on October 31, 2025, and may be extended by mutual agreement for a total term of up to seven years. We began receiving inmates from the state of Montana in November 2023. In addition, on August 1, 2024, we entered into a second new management contract with the state of Montana to care for an unspecified number of inmates at facilities we operate. The second new contract is scheduled to expire on July 31, 2026, and may be extended by mutual agreement for a total term of up to seven years. As of September 30, 2024, we cared for approximately 245 inmates from the state of Montana at our Saguaro facility under both of these management contracts. We also care for residents from the state of Hawaii and the state of Idaho at the Saguaro facility. The new contracts represent an expansion of our relationship with the state of Montana where we also manage the fully occupied company-owned Crossroads Correctional Center in Shelby, Montana for the state of Montana pursuant to a separate management contract.

CoreCivic Community

CoreCivic Community includes the operating results of the residential reentry centers that we operated during each period, along with the operating results of our electronic monitoring and case management services. Total revenue generated by CoreCivic Community decreased \$1.6 million, or 5.3%, from \$29.8 million during the three months ended September 30, 2023 to \$28.2 million during the three months ended September 30, 2024, and increased \$3.8 million, or 4.5%, from \$84.6 million during the nine months ended September 30, 2023 to \$88.4 million during the nine months ended September 30, 2024. CoreCivic Community's facility net operating income decreased \$2.9 million, or 45.0%, from \$6.5 million during the three months ended September 30, 2023 to \$3.6 million during the three months ended September 30, 2024, and decreased \$0.2 million, or 1.1%, from \$15.7 million during the nine months ended September 30, 2023 to \$15.5 million during the nine months ended September 30, 2024. During the three and nine months ended September 30, 2024, CoreCivic Community generated 2.9% and 4.2%, respectively, of our total segment net operating income, compared with 6.0% and 4.9%, respectively, during the three and nine months ended September 30, 2023.

The following table displays the revenue and expenses per compensated man-day for CoreCivic Community's residential reentry facilities placed into service that we own and manage, but exclusive of the electronic monitoring and case management services given that revenue is not generated on a per compensated man-day basis for these services:

| | For the Three Months Ended September 30, | | For the Nine Months Ended September 30, | |
|---|---|----------|--|----------|
| | 2024 | 2023 | 2024 | 2023 |
| CoreCivic Community Facilities: | | | | |
| Revenue per compensated man-day | \$ 76.86 | \$ 77.21 | \$ 78.88 | \$ 72.00 |
| Operating expenses per compensated man-day: | | | | |
| Fixed expense | 46.86 | 41.71 | 46.07 | 41.72 |
| Variable expense | 16.72 | 11.93 | 13.49 | 12.43 |
| Total | 63.58 | 53.64 | 59.56 | 54.15 |
| Operating income per compensated man-day | \$ 13.28 | \$ 23.57 | \$ 19.32 | \$ 17.85 |
| Operating margin | 17.3 % | 30.5 % | 24.5 % | 24.8 % |
| Average compensated occupancy | 66.7 % | 62.8 % | 63.9 % | 61.7 % |
| Average available beds | 4,167 | 4,669 | 4,501 | 4,669 |
| Average compensated population | 2,780 | 2,933 | 2,878 | 2,881 |

Operating margins in our CoreCivic Community segment were negatively impacted during the three and nine months ended September 30, 2024 by an increase in operating expenses per compensated man-day which, similar to our CoreCivic Safety segment, were driven, in large part, by higher staffing levels and wage rates. In addition, variable expenses per compensated man-day during the three and nine months ended September 30, 2024 increased over the prior year periods primarily as a result of the settlement of a legal matter at a facility in the Community segment. The effect of the increased operating expenses per compensated man-day in the nine-month period was partially offset by an increase in average revenue per compensated man-day, which increased from the same period in 2023 primarily as a result of per diem increases at several of our facilities. Because facilities in our Community segment are typically smaller in size than those in our Safety segment, occupancy fluctuations or changes in operating expenses have a larger impact on operating margin per compensated man-day. Accordingly, modest changes in occupancy or operating expenses can have a notable impact on margins in our Community segment.

In January 2024, we completed the sale of our 120-bed Dahlia Facility, a residential reentry center in Denver, Colorado. The Dahlia facility was reported as an asset held for sale as of December 31, 2023. We received gross sales proceeds of \$8.0 million on the sale of the Dahlia facility compared to the carrying value of \$7.5 million, resulting in a \$0.5 million net gain on the sale after transaction related expenses, which was recognized in the first quarter of 2024. We continued to operate the Dahlia facility through the expiration of the management contract in June 2024. During our period of operation in 2024 and during the nine months ended September 30, 2023, this facility generated facility net operating income of \$0.2 million and \$0.5 million, respectively, including \$0.1 million during the three months ended September 30, 2023.

In July 2024, we completed the sale of our idled 390-bed Tulsa Transitional Center, a residential reentry center in Tulsa, Oklahoma. We received net sales proceeds of \$3.4 million on the sale of the Tulsa property, resulting in a gain on sale of \$1.2 million, which was recognized in the third quarter of 2024.

CoreCivic Properties

CoreCivic Properties includes the operating results of the properties we leased to government agencies during each period. Total revenue generated by CoreCivic Properties decreased \$6.4 million, from \$10.5 million during the three months ended September 30, 2023 to \$4.1 million during the three months ended September 30, 2024, and decreased \$16.3 million, from \$37.9 million during the nine months ended September 30, 2023 to \$21.5 million during the nine months ended September 30, 2024. CoreCivic Properties' facility net operating income decreased \$6.1 million, from \$7.4 million during the three months ended September 30, 2023 to \$1.3 million during the three months ended September 30, 2024, and decreased \$16.7 million, from \$28.1 million during the nine months ended September 30, 2023 to \$11.5 million during the nine months ended September 30, 2024. The decreases in total revenue and net operating income in the three- and nine-month periods were primarily the result of the termination of the lease at our California City Correctional Center effective March 31, 2024. The decreases in total revenue and net operating income in the nine-month period were also the result of the termination of the lease at our North Fork Correctional Facility effective June 30, 2023, and the sale of three actively leased properties during 2023, all as further described hereinafter. Net operating income generated by CoreCivic Properties was negatively impacted by the ongoing operating expenses incurred at the currently idle North Fork and California City facilities. The decreases in total revenue and net operating income were net of increases due to the new lease agreement at our Allen Gamble Correctional Center effective October 1, 2023. During the three and nine months ended September 30, 2024, CoreCivic Properties generated 2.8% and 4.9% of our total segment net operating income, respectively, compared with 8.8% and 10.9%, respectively, during the three and nine months ended September 30, 2023.

During 2023, we sold the Roth Hall Residential Reentry Center and the Walker Hall Residential Reentry Center, both located in Philadelphia, Pennsylvania, and the Augusta Transitional Center located in Augusta, Georgia, generating aggregate net sales proceeds of \$10.3 million, resulting in a gain on sale of \$0.4 million. During our period of ownership in 2023, these three properties generated aggregate facility net operating income of \$0.7 million.

On April 25, 2023, we announced that we received notice from the ODC of its intent to terminate the lease agreement for our 2,400-bed North Fork Correctional Facility upon the lease expiration on June 30, 2023. Rental revenue generated from the ODC while the lease was active at the North Fork facility was \$6.1 million for 2023. Facility net operating income at this facility was \$4.7 million for the period the lease was active in 2023. Upon expiration of the lease, the North Fork facility was idled in the third quarter of 2023. We are marketing the facility to potential customers.

As previously described herein, beginning in the fourth quarter of 2023, a new lease agreement with the ODC for the Allen Gamble Correctional Center commenced, at which time we began reporting the financial results in the CoreCivic Properties segment. The new lease agreement includes a base term that commenced on October 1, 2023, with a scheduled expiration date of June 30, 2029, and unlimited two-year renewal options. Annual lease revenue to be generated from the ODC at the Allen Gamble facility under the new lease agreement will be \$7.5 million during the base term. The annual rent during any renewal option term shall be mutually agreed upon by the parties. Revenue and net operating income from the ODC at Allen Gamble was \$1.9 million and \$1.4 million, respectively, during the third quarter of 2024, and \$5.6 million and \$3.4 million, respectively, during the nine months ended September 30, 2024.

On December 6, 2022, we received notice from the CDCR of its intent to terminate the lease agreement for our 2,560-bed California City Correctional Center by March 31, 2024, due to the state's declining inmate population. The California City facility was idled effective April 1, 2024, and the Company is marketing the facility to potential customers. Rental revenue generated from the CDCR at the California City facility was \$8.6 million and \$31.1 million during the period the lease was active in 2024 and the twelve months ended December 31, 2023, respectively. Facility net operating income at this facility was \$7.2 million and \$25.5 million during the period the lease was active in 2024 and the twelve months ended December 31, 2023, respectively.

General and administrative expenses

For the three months ended September 30, 2024 and 2023, general and administrative expenses totaled \$41.2 million and \$33.9 million, respectively, while general and administrative expenses totaled \$111.5 million and \$99.2 million during the nine months ended September 30, 2024 and 2023, respectively. General and administrative expenses consist primarily of corporate management salaries and benefits, professional fees, and other administrative expenses. General and administrative expenses increased during the three and nine months ended September 30, 2024 when compared to the same periods in 2023, primarily as a result of an increase in corporate salaries and benefits, which was primarily related to higher incentive-based compensation.

Depreciation and amortization

For the three months ended September 30, 2024 and 2023, depreciation and amortization expense totaled \$32.2 million and \$32.5 million, respectively, while depreciation and amortization expense totaled \$96.1 million and \$95.2 million during the nine months ended September 30, 2024 and 2023, respectively. Depreciation and amortization expense increased in the nine-month period primarily as a result of renovations completed at several facilities during 2023, partially offset by facilities sold during 2023.

Asset impairments

During the third quarter of 2024, we recognized an impairment charge of \$3.1 million associated with the terminations of the IGSA and lease agreement with respect to the STFRC effective August 9, 2024. During the third quarter of 2023, we recognized a \$2.7 million contract acquisition asset impairment associated with the pursuit of new contracts with a selected technology vendor, as the agreement with the vendor terminated during the third quarter of 2023.

Interest expense, net and expenses associated with debt repayments and refinancing transactions

Interest expense is reported net of interest income for the three and nine months ended September 30, 2024 and 2023. Gross interest expense was \$18.9 million and \$20.7 million for the three months ended September 30, 2024 and 2023, respectively, and was \$61.0 million and \$64.0 million for the nine months ended September 30, 2024 and 2023, respectively. Gross interest expense was based on outstanding borrowings under our revolving credit facility, or Revolving Credit Facility, our outstanding term loan, or Term Loan, our outstanding senior unsecured notes, and our outstanding non-recourse mortgage note, as well as the amortization of loan costs and unused facility fees. Gross interest income was \$2.9 million and \$2.8 million for the three months ended September 30, 2024 and 2023, respectively, and was \$9.3 million and \$8.7 million, for the nine months ended September 30, 2024 and 2023, respectively. Gross interest income is earned on notes receivable, investments, cash and cash equivalents, and restricted cash. Interest income also includes

interest income associated with the 20-year finance receivable associated with the Lansing Correctional Facility lease to the Kansas Department of Corrections, which commenced in January 2020, and amounted to \$2.1 million for the three months ended September 30, 2024 and 2023, and \$6.2 million and \$6.4 million for the nine months ended September 30, 2024 and 2023, respectively. Net interest expense during the three and nine months ended September 30, 2024 decreased when compared to same periods in 2023 primarily as a result of debt repayments netting \$76.2 million since September 30, 2023, including the repurchase in the open market of \$6.9 million principal amount of senior unsecured notes during the fourth quarter of 2023. Net interest expense also decreased due to an increase in interest income. The decrease in net interest expense was partially offset by an increase in the size of our Term Loan and borrowings under our Revolving Credit Facility during the second and third quarters of 2024.

On October 11, 2023, we entered into a Fourth Amended and Restated Credit Agreement, or the Bank Credit Facility, that, among other things, increased the available borrowings under the Revolving Credit Facility from \$250.0 million to \$275.0 million, increased the size of the Term Loan from an initial balance of \$100.0 million under the previous bank credit facility to \$125.0 million, extended the maturity date to October 11, 2028 and made conforming changes to replace the Bloomberg Short-Term Bank Yield, or BSBY, index with a forward-looking term index based on the Secured Overnight Financing Rate, or Term SOFR. At the closing of the Bank Credit Facility, we received approximately \$33.8 million of net borrowings before transaction costs as a result of the increased size of the Term Loan. During the full year 2023, we incurred charges of \$0.7 million primarily associated with the Bank Credit Facility and for the write-off of loan costs associated with the purchase of \$21.0 million of our Old 8.25% Senior Notes (as defined below) and \$6.9 million of our 4.75% senior unsecured notes due 2027, or the 4.75% Senior Notes, through open market purchases, net of discounts to the principal balance of the notes repurchased.

As further described herein, on March 4, 2024, we commenced a cash tender offer, or the Tender Offer, for any and all of the \$593.1 million outstanding principal amount of our then-outstanding 8.25% senior unsecured notes due 2026, or the Old 8.25% Senior Notes. As a result of the Tender Offer, \$494.3 million aggregate principal amount of the Old 8.25% Senior Notes, or approximately 83.3% of the aggregate principal amount of the Old 8.25% Senior Notes outstanding, had been validly tendered and not validly withdrawn. We accepted for purchase and paid for all of the Old 8.25% Senior Notes validly tendered and not validly withdrawn. Further, on March 15, 2024, we announced that we delivered an irrevocable notice to the holders of all our Old 8.25% Senior Notes that had not been validly tendered or had been validly withdrawn in the Tender Offer, that we had elected to redeem in full the Old 8.25% Senior Notes that remained outstanding on April 15, 2024. The remaining Old 8.25% Senior Notes, amounting to \$98.8 million, were redeemed on April 15, 2024 with a combination of cash on hand and borrowings under our Revolving Credit Facility. During the third quarter of 2024, we repaid the borrowings under our Revolving Credit Facility. As of September 30, 2024, we had \$18.0 million in letters of credit outstanding, resulting in \$257.0 million available under our Revolving Credit Facility.

In connection with the Tender Offer, on March 12, 2024, we completed an underwritten registered public offering of \$500.0 million aggregate principal amount of 8.25% senior unsecured notes due 2029, or the New 8.25% Senior Notes. The net proceeds from the issuance of the New 8.25% Senior Notes totaled approximately \$490.3 million, after deducting underwriting discounts and offering expenses. We used the net proceeds from the offering of the New 8.25% Senior Notes, together with borrowings under our Revolving Credit Facility and cash on hand, to fund the Tender Offer and to redeem the remaining outstanding balance of the Old 8.25% Senior Notes on April 15, 2024. During the nine months ended September 30, 2024, we recorded charges totaling \$31.3 million associated with the Tender Offer and redemption of the Old 8.25% Senior Notes.

Based on our total leverage ratio, interest on loans under our previous bank credit facility through October 10, 2023 was at a base rate plus a margin of 2.25% or at BSBY plus a margin of 3.25%, and a commitment fee equal to 0.45% of the unfunded balance of the then-existing revolving credit facility. From October 11, 2023 through the first full fiscal quarter of 2024, loans under our Bank Credit Facility bore interest at a base rate plus a margin of 2.25% or at Term SOFR plus a margin of 3.25%, and a commitment fee equal to 0.45% of the unfunded balance of the Revolving Credit Facility, as the interest rate spreads were fixed under the terms of the Bank Credit Facility until the first calculation date occurring after the first full fiscal quarter after the closing date of the Bank Credit Facility. Based on our total leverage ratio as of March 31, 2024, during the second quarter of 2024, the interest rate spread for base rate loans declined to 2.00%, the interest rate spread for Term SOFR loans was reduced to 3.00%, and the commitment fee decreased to 0.40%. Based on our total leverage ratio as of June 30, 2024, during the third quarter of 2024, the interest rate spread for base rate loans further declined to 1.75%, the interest rate spread for Term SOFR loans was reduced to 2.75%, and the commitment fee decreased to 0.35%.

Gain on sale of real estate assets, net

Gain on sale of real estate assets, net during the three and nine months ended September 2024, includes the \$1.2 million gain on the sale of our idled 390-bed Tulsa Transitional Center in July 2024. Gain on sale of real estate assets, net during the nine months ended September 30, 2024 also includes the \$0.5 million gain on the sale of our 120-bed Dahlia Facility in January 2024, both as previously

described herein. During the first quarter of 2024, we also sold an unused parcel of land in Texas generating net sales proceeds of \$0.2 million and resulting in a gain on sale of \$0.1 million. The gain was also reported in the first quarter of 2024.

During the third quarter of 2023, we sold a vacant parcel of land generating net sales proceeds of \$0.5 million and resulting in a gain on sale of \$0.4 million. The gain was reported in the third quarter of 2023.

Income tax expense

We recorded an income tax expense of \$9.1 million and \$5.6 million for the three months ended September 30, 2024 and 2023, respectively, and \$17.2 million and \$18.0 million for the nine months ended September 30, 2024 and 2023, respectively. Income tax expense related to operations for the three and nine months ended September 30, 2024 was net of an income tax benefit of \$0.6 million and \$10.2 million, respectively, for expenses associated with asset impairments and, in the nine-month period, debt repayments and refinancing transactions, net of the gain on sale of real estate assets, all as previously described herein. Income tax expense for the nine months ended September 30, 2024, was also net of an income tax benefit associated with stock-based compensation vesting in the first quarter of 2024. Income tax expense for the nine months ended September 30, 2023 included an increase to income tax expense of \$0.9 million for the revaluation of net deferred tax liabilities associated with a change in our corporate tax structure. During the first quarter of 2023, we completed a reorganization of our tax structure to simplify and more closely align operations and assets of certain of our subsidiaries and to reduce administrative efforts following our conversion from a real estate investment trust to a taxable C-corporation. Income tax expense related to operations for the three and nine months ended September 30, 2023 was net of an income tax benefit of \$0.7 million and \$0.8 million, respectively, associated with asset impairments and expenses associated with debt repayments and refinancing transactions, net of the gain on sale of real estate assets.

Our effective tax rate could fluctuate in the future based on changes in estimates of taxable income, the implementation of additional tax planning strategies, changes in federal or state tax rates or laws affecting tax credits available to us, changes in other tax laws, limits on certain deductible expenses, changes in estimates related to uncertain tax positions, or changes in state apportionment factors, as well as changes in the valuation allowance applied to our deferred tax assets that are based primarily on the amount of state net operating losses and tax credits that could expire unused.

LIQUIDITY AND CAPITAL RESOURCES

Our principal capital requirements are for working capital, capital expenditures, and debt service payments, as well as outstanding commitments and contingencies, as further discussed in the notes to our financial statements. Effective January 1, 2021, we revoked our election to be taxed as a REIT. We believe this conversion in corporate tax structure improves our overall credit profile, as we are able to allocate our free cash flow toward the repayment of debt, which may include the purchase of our outstanding debt in open market transactions, privately negotiated transactions or otherwise, and to exercise more discretion in returning capital to our shareholders, which could include share repurchases and/or future dividends. Any future dividend is subject to our Board of Directors', or BODs, determinations as to the amount of distributions and the timing thereof, as well as limitations under the Company's debt covenants. Any such debt repurchases will depend upon prevailing market conditions, our liquidity requirements, contractual requirements, applicable securities laws requirements, and other factors. We were not able to implement a meaningful share repurchase program under the REIT structure without increasing our debt because a substantial portion of our free cash flow was required to satisfy the distribution requirements under the REIT structure.

Upon achieving targeted debt reduction levels, we began allocating a substantial portion of our free cash flow to returning capital to our shareholders through share repurchases. During 2022, the BOD approved a share repurchase program to purchase up to \$225.0 million of our common stock. On May 16, 2024, the BOD authorized an increase to the share repurchase program to which we may purchase up to an additional \$125.0 million in shares of our outstanding common stock, increasing the total aggregate authorization to up to \$350.0 million. Repurchases of our outstanding common stock are made in accordance with applicable securities laws and may be made at our discretion based on parameters set by our BOD from time to time in the open market, through privately negotiated transactions, or otherwise. The share repurchase program has no time limit and does not obligate us to purchase any particular amount of our common stock. The authorization for the share repurchase program may be terminated, suspended, increased or decreased by the BOD in its discretion at any time. Through December 31, 2023, we completed the repurchase of 10.1 million shares of our common stock at a total cost of \$112.6 million, excluding costs associated with the share repurchase program, or \$11.16 per share, using cash on hand and cash provided by operations. During the nine months ended September 30, 2024, we completed the repurchase of an additional 4.0 million shares of our common stock at a total cost of \$59.5 million, excluding costs associated with the share repurchase program, or \$14.80 per share. No shares were repurchased during the third quarter of 2024. As of September 30, 2024, we had repurchased a total of 14.1 million common shares at an aggregate cost of \$172.1 million, or \$12.20 per share, and had \$177.9 million of repurchase authorization available under the share repurchase program. As a result of the termination of an IGSA with respect to the STFR effective August 9, 2024, and the impact such termination will have on our leverage ratios, we intend to prioritize the use of our free cash flow to further reduce our debt, although we may exercise discretion in repurchasing additional shares of our common stock in accordance with the repurchase program based on parameters set by our BOD.

We may also pursue attractive growth opportunities, including new development opportunities in our Properties segment, to meet the need to modernize outdated correctional infrastructure across the country, and explore potential opportunities to expand the scope of non-residential correctional alternatives we provide in our Community segment. We may also consider other opportunities for growth, including, but not limited to, potential acquisitions of businesses within our lines of business and those that provide complementary services, provided we believe such opportunities will broaden our market share, diversify our cash flows, and/or increase the services we can provide to our customers.

With the extensively aged criminal justice infrastructure in the U.S. today, we believe we can bring real estate and financing solutions to government agencies as we did in connection with the construction of the Lansing Correctional Facility that commenced operations in January 2020. We financed the construction of the Lansing Correctional Facility 100% with project specific financing, requiring no equity commitment from us. We believe we can also provide other real estate solutions to government agencies faced with extensively aged criminal justice infrastructure, including "turn-key" solutions similar to those we are providing to the states of Wyoming and Montana, as well as Hinds County, Mississippi and Harris County, Texas, pursuant to new contracts that commenced during the last twelve months at our Tallahatchie and Saguaro facilities, as previously described herein, as well as real estate only solutions to government agencies that need correctional capacity where they prefer to operate the facility, similar to the lease of our Allen Gamble Correctional Center in Oklahoma to the ODC signed in 2023, also as previously described herein. In addition, in August 2022, we completed the sale of the 1,978-bed McRae Correctional Facility to the Georgia Building Authority in order to update its aged and inefficient public sector correctional infrastructure. Most real estate only solutions would not require material capital expenditures if we have existing capacity. However, in the future we could incur capital expenditures to provide replacement capacity for government agencies that have extensively aged criminal justice infrastructure and are in need of new capacity.

As of September 30, 2024, we had cash on hand of \$107.9 million, and \$257.0 million available under our Revolving Credit Facility. During the nine months ended September 30, 2024 and 2023, we generated \$229.9 million and \$209.6 million, respectively, in cash through operating activities. We currently expect to be able to meet our cash expenditure requirements for the next year and beyond utilizing cash on hand, cash flows from operations, and availability under our Revolving Credit Facility. As of September 30, 2024, we have no debt maturities until October 2027.

Our cash flow is subject to the receipt of sufficient funding of and timely payment by contracting governmental entities. If the appropriate governmental agency does not receive sufficient appropriations to cover its contractual obligations, it may terminate our contract or delay or reduce payment to us. Delays in payment from our major customers, which could include the deferral of payments to us during government shutdowns or the termination of contracts from our major customers, could have an adverse effect on our cash flow and financial condition. We have not experienced any unusual delays in payments from our major customers.

Debt

As of September 30, 2024, we had \$243.1 million principal amount outstanding of the 4.75% Senior Notes and \$500.0 million principal amount outstanding of the New 8.25% Senior Notes, or collectively, the Senior Notes. In addition, we had \$141.5 million outstanding under the Kansas Notes with a fixed stated interest rate of 4.43% and \$120.3 million outstanding under our Term Loan with a variable interest rate of 7.8%. We had \$18.0 million of letters of credit outstanding under our Revolving Credit Facility at September 30, 2024. There was no other amount outstanding under our Revolving Credit Facility as of September 30, 2024. As of September 30, 2024, our

total weighted average effective interest rate was 7.4%, while our total weighted average maturity was 5.6 years. We have no debt maturities until 2027. In the future, we could elect to use our free cash flow to purchase additional outstanding senior unsecured notes in open market transactions, privately negotiated transactions or otherwise. We could also use our effective shelf registration statement to issue additional debt securities when we determine that market conditions and the opportunity to utilize the proceeds therefrom are favorable.

On March 4, 2024, we commenced the Tender Offer for any and all of the \$593.1 million then-outstanding principal amount of our outstanding Old 8.25% Senior Notes. As a result of the Tender Offer, \$494.3 million aggregate principal amount of the Old 8.25% Senior Notes, or approximately 83.3% of the aggregate principal amount of the Old 8.25% Senior Notes outstanding, had been validly tendered and not validly withdrawn. We accepted for purchase and paid for all of the Old 8.25% Senior Notes that were validly tendered and not validly withdrawn. Holders of the Old 8.25% Senior Notes who validly tendered received in cash \$1,043.75 per \$1,000 principal amount of the Old 8.25% Senior Notes validly tendered, plus accrued and unpaid interest from the October 15, 2023 interest payment date for the Old 8.25% Senior Notes up to, but not including, the settlement date, March 12, 2024. On March 15, 2024, we announced that we delivered an irrevocable notice to the holders of all our Old 8.25% Senior Notes that had not been validly tendered or had been validly withdrawn in the Tender Offer, that we had elected to redeem in full the Old 8.25% Senior Notes that remained outstanding on April 15, 2024. The remaining principal amount of the Old 8.25% Senior Notes, which amounted to \$98.8 million, was redeemed on April 15, 2024, at a redemption price equal to 104.125% of the principal amount of the outstanding Old 8.25% Senior Notes, plus accrued and unpaid interest on such Old 8.25% Senior Notes to, but not including, April 15, 2024.

In connection with the Tender Offer of the Old 8.25% Senior Notes, on March 12, 2024, we completed an underwritten registered public offering of the New 8.25% Senior Notes, which are guaranteed by all of CoreCivic's subsidiaries that guarantee the Bank Credit Facility, the 4.75% Senior Notes, and the Old 8.25% Senior Notes, while outstanding. The New 8.25% Senior Notes were offered pursuant to a shelf registration statement on Form S-3, which became effective upon filing with the SEC on March 4, 2024. The net proceeds from the issuance of the New 8.25% Senior Notes totaled approximately \$490.3 million, after deducting underwriting discounts and offering expenses. We used the net proceeds from the offering of the New 8.25% Senior Notes, together with borrowings under the Revolving Credit Facility and cash on hand, to fund the Tender Offer of the Old 8.25% Senior Notes and to redeem the remaining outstanding balance of the Old 8.25% Senior Notes on April 15, 2024.

Operating Activities

Our net cash provided by operating activities for the nine months ended September 30, 2024 was \$229.9 million, compared with \$209.6 million for the same period in the prior year. Cash provided by operating activities represents the year-to-date net income plus depreciation and amortization, changes in various components of working capital, and various non-cash charges. Cash provided by operating activities was favorably impacted by an increase in facility net operating income of \$46.3 million during the nine months ended September 30, 2024 compared to the same period in the prior year, partially offset by a decline in working capital balances of \$8.1 million in the current period compared to the prior year period and an increase in non-cash revenue in the current year period of \$5.4 million compared with the prior year period primarily attributable to the accelerated recognition of deferred revenue at the STFRC.

Investing Activities

Our net cash flow used in investing activities was \$34.8 million for the nine months ended September 30, 2024 and was primarily attributable to capital expenditures for facility development and expansions of \$7.3 million and \$41.6 million for facility maintenance improvements and information technology capital expenditures, partially offset by \$11.9 million in net proceeds from the sale of assets. Our net cash flow used in investing activities was \$39.2 million for the nine months ended September 30, 2023 and was primarily attributable to capital expenditures for facility development and expansions of \$5.0 million and \$39.3 million for facility maintenance and information technology capital expenditures, partially offset by \$6.4 million in net proceeds from the sale of assets.

Financing Activities

Our net cash flow used in financing activities was \$206.5 million for the nine months ended September 30, 2024 and was primarily attributable to debt repayments related to the \$593.1 million tender and redemption of the Old 8.25% Senior Notes and \$34.9 million of payments of debt defeasance, issuance and other financing related costs. In addition, our net cash flow used in financing activities was attributable to \$8.7 million of scheduled principal repayments under our Term Loan and our non-recourse mortgage note. Our net cash flow used in financing activities also included \$69.2 million for the share repurchase program our BOD authorized during the second quarter of 2022, as well as the purchase and retirement of common stock to satisfy withholding taxes in connection with equity-based compensation. Our net cash flow used in financing activities was partially offset by the \$500.0 million gross proceeds from the issuance of the New 8.25% Senior Notes.

Our net cash flow used in financing activities was \$214.6 million for the nine months ended September 30, 2023 and was primarily attributable to debt repayments related to the \$153.8 million redemption of the 4.625% Senior Notes and the \$21.0 million purchase of the 8.25% Senior Notes in the second quarter of 2023. In addition, our net cash flow used in financing activities was attributable to \$8.6 million of scheduled principal repayments under our Term Loan A and our non-recourse mortgage note. Our net cash flow used in financing activities also included \$30.5 million for the share repurchase program, as well as the purchase and retirement of common stock that was issued in connection with equity-based compensation, and dividend payments on restricted stock units that became vested of \$0.1 million.

Supplemental Guarantor Information

All of the domestic subsidiaries of CoreCivic (as the parent corporation) that guarantee the Bank Credit Facility have provided full and unconditional guarantees of our Senior Notes. All of CoreCivic's subsidiaries guaranteeing the Senior Notes are 100% owned direct or indirect subsidiaries of CoreCivic, and the subsidiary guarantees are full and unconditional and are joint and several obligations of the guarantors.

As of September 30, 2024, neither CoreCivic nor any of its subsidiary guarantors had any material or significant restrictions on CoreCivic's ability to obtain funds from its subsidiaries by dividend or loan or to transfer assets from such subsidiaries.

The indentures governing our Senior Notes contain certain customary covenants that, subject to certain exceptions and qualifications, restrict CoreCivic's ability to, among other things, create or permit to exist certain liens and consolidate, merge or transfer all or substantially all of CoreCivic's assets. In addition, if CoreCivic experiences specific kinds of changes in control, CoreCivic must offer to repurchase all or a portion of the Senior Notes. The offer price for the Senior Notes in connection with a change in control would be 101% of the aggregate principal amount of the notes repurchased plus accrued and unpaid interest, if any, on the notes repurchased to the date of purchase. The indenture related to our New 8.25% Senior Notes additionally limits our ability to incur indebtedness, make restricted payments and investments and prepay certain indebtedness.

The following tables present summarized information for CoreCivic and the subsidiary guarantors, on a combined basis after elimination of (i) intercompany transactions and balances among CoreCivic and the subsidiary guarantors and (ii) equity in earnings from, and any investments in, any subsidiary that is a non-guarantor (in thousands).

| | September 30, 2024 | December 31, 2023 |
|--------------------------------|--------------------|-------------------|
| Current assets | \$ 406,558 | \$ 460,475 |
| Real estate and related assets | 2,261,674 | 2,323,562 |
| Other assets | 99,881 | 175,413 |
| Total non-current assets | 2,361,555 | 2,498,975 |
| Current liabilities | 260,693 | 284,886 |
| Long-term debt, net | 846,508 | 945,949 |
| Other liabilities | 183,209 | 246,903 |
| Total long-term liabilities | 1,029,717 | 1,192,852 |

| | For the Nine Months Ended September 30, 2024 | For the Twelve Months Ended December 31, 2023 |
|----------------------------|--|---|
| Revenue | \$ 1,480,277 | \$ 1,895,291 |
| Operating expenses | 1,123,629 | 1,462,414 |

| Total expenses | 1,331,282 | 1,725,815 |
| Income before income taxes | 63,221 | 92,437 |
| Net income | 46,013 | 64,203 |

Funds from Operations

Funds From Operations, or FFO, is a widely accepted supplemental non-GAAP measure utilized to evaluate the operating performance of real estate companies. The National Association of Real Estate Investment Trusts, or NAREIT, defines FFO as net income computed in accordance with GAAP, excluding gains or losses from sales of property and extraordinary items, plus depreciation and amortization of real estate and impairment of depreciable real estate and after adjustments for unconsolidated partnerships and joint ventures calculated to reflect funds from operations on the same basis. As a company with extensive real estate holdings, we believe FFO is an important supplemental measure of our operating performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs and other real estate operating companies, many of which present FFO when reporting results.

We also present Normalized FFO as an additional supplemental measure as we believe it is more reflective of our core operating performance. We may make adjustments to FFO from time to time for certain other income and expenses that we consider non-recurring, infrequent or unusual, even though such items may require cash settlement, because such items do not reflect a necessary or ordinary component of our ongoing operations. Normalized FFO excludes the effects of such items.

FFO and Normalized FFO are supplemental non-GAAP financial measures of real estate companies' operating performance, which do not represent cash generated from operating activities in accordance with GAAP and therefore should not be considered an alternative for net income or as a measure of liquidity. Our method of calculating FFO and Normalized FFO may be different from methods used by other REITs and real estate operating companies and, accordingly, may not be comparable to such REITs and other real estate operating companies.

Our reconciliation of net income to FFO and Normalized FFO for the three and nine months ended September 30, 2024 and 2023 is as follows (in thousands):

| | For the Three Months Ended September 30, | |
|--|---|-----------|
| | 2024 | 2023 |
| FUNDS FROM OPERATIONS: | | |
| Net income | \$ 21,096 | \$ 13,892 |
| Depreciation and amortization of real estate assets | 25,166 | 24,837 |
| Impairment of real estate assets | 2,418 | — |
| Gain on sale of real estate assets, net | (1,181) | (368) |
| Income tax expense (benefit) for special items | (377) | 107 |
| Funds From Operations | 47,122 | 38,468 |
| Expenses associated with debt repayments and refinancing transactions | — | 100 |
| Other asset impairments | 690 | 2,710 |
| Income tax benefit for special items | (210) | (816) |
| Normalized Funds From Operations | \$ 47,602 | \$ 40,462 |

| | For the Nine Months Ended September 30, | |
|--|--|------------|
| | 2024 | 2023 |
| FUNDS FROM OPERATIONS: | | |
| Net income | \$ 49,593 | \$ 41,122 |
| Depreciation and amortization of real estate assets | 74,793 | 73,206 |
| Impairment of real estate assets | 2,418 | — |
| Gain on sale of real estate assets, net | (1,749) | (343) |
| Income tax expense (benefit) for special items | (199) | 100 |
| Funds From Operations | 124,856 | 114,085 |
| Expenses associated with debt repayments and refinancing transactions | 31,316 | 326 |
| Income tax expense associated with change in corporate tax structure | — | 930 |
| Other asset impairments | 690 | 2,710 |
| Income tax benefit for special items | (10,023) | (884) |
| Normalized Funds From Operations | \$ 146,839 | \$ 117,167 |

Material Cash Requirements

The following schedule summarizes our contractual cash obligations by the indicated period as of September 30, 2024 (in thousands):

| | Payments Due By Year Ended December 31, | | | | | | Total |
|---|---|-----------|-----------|------------|------------|------------|--------------|
| | 2024 (remainder) | 2025 | 2026 | 2027 | 2028 | Thereafter | |
| Long-term debt | \$ 2,936 | \$ 12,073 | \$ 15,701 | \$ 262,423 | \$ 97,995 | \$ 613,788 | \$ 1,004,916 |
| Interest on senior and mortgage notes | 27,965 | 58,910 | 58,644 | 58,355 | 46,497 | 52,796 | 303,167 |
| Contractual facility developments and other commitments | 1,018 | 3,155 | — | — | — | — | 4,173 |
| Leases | 1,390 | 5,388 | 4,954 | 4,270 | 3,832 | 11,811 | 31,645 |
| Total contractual cash obligations | \$ 33,309 | \$ 79,526 | \$ 79,299 | \$ 325,048 | \$ 148,324 | \$ 678,395 | \$ 1,343,901 |

The cash obligations in the table above do not include future cash obligations for variable interest expense associated with our Term Loan or the balance outstanding on our Revolving Credit Facility, if any, as projections would be based on future outstanding balances as well as future variable interest rates, and we are unable to make reliable estimates of either. Certain of our other ongoing construction projects are not currently under contract and thus are not included as a contractual obligation above as we may generally suspend or terminate such projects without substantial penalty.

We had \$18.0 million of letters of credit outstanding at September 30, 2024 primarily to support our requirement to repay fees and claims under our self-insured workers' compensation plan in the event we do not repay the fees and claims due in accordance with the terms of the plan, and for a debt service reserve requirement under terms of the Kansas Notes. The letters of credit are renewable annually. We did not have any draws under these outstanding letters of credit during the nine months ended September 30, 2024 or 2023.

INFLATION

Many of our contracts include provisions for inflationary indexing, which may mitigate an adverse impact of inflation on net income. However, a substantial increase in personnel costs, workers' compensation, utilities, food, and medical expenses could have an adverse impact on our results of operations in the future to the extent that these expenses increase at a faster pace than the per diem or fixed rates we receive for our management services. We outsource our food service operations to a third party. The contract with our outsourced food service vendor contains certain protections against increases in food costs.

SEASONALITY AND QUARTERLY RESULTS

Certain aspects of our business are subject to seasonal fluctuations. Because we are generally compensated for operating and managing correctional, detention, and reentry facilities at a per diem rate, our financial results are impacted by the number of calendar days in a fiscal quarter. Our fiscal year follows the calendar year and therefore, our daily profits for the third and fourth quarters include two more days than the first quarter (except in leap years) and one more day than the second quarter. Further, salaries and benefits represent the most significant component of operating expenses. Significant portions of our unemployment taxes are recognized during the first quarter, when base wage rates reset for unemployment tax purposes. Quarterly results are also affected by government funding initiatives, acquisitions, the timing of the opening of new facilities, or the commencement of new management contracts and related start-up expenses which may mitigate or exacerbate the impact of other seasonal influences. Because of seasonality factors, and other factors described herein, results for any quarter are not necessarily indicative of the results that may be achieved for the full fiscal year.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Our primary market risk exposure is to changes in U.S. interest rates. We are exposed to market risk related to our Bank Credit Facility because the interest rates on these loans are subject to fluctuations in the market. If the interest rate for our outstanding indebtedness under the Bank Credit Facility was 100 basis points higher or lower (but not less than 0%) during the three and nine months ended September 30, 2024, our interest expense, net of amounts capitalized, would have been increased or decreased by \$0.3 million and \$1.0 million, respectively.

As of September 30, 2024, we had \$243.1 million of senior unsecured notes due 2027 with a fixed interest rate of 4.75% and \$500.0 million of the New 8.25% Senior Notes due 2029. We also had \$141.5 million outstanding under the Kansas Notes with a fixed interest rate of 4.43%. Because the interest rates with respect to these instruments are fixed, a hypothetical 100 basis point increase or decrease in market interest rates would not have a material impact on our financial statements.

We may, from time to time, invest our cash in a variety of short-term financial instruments. These instruments generally consist of highly liquid investments with original maturities at the date of purchase of three months or less. While these investments are subject to interest rate risk and will decline in value if market interest rates increase, a hypothetical 100 basis point increase or decrease in market interest rates would not materially affect the value of these instruments. See the risk factor discussion captioned "*Rising interest rates increase the cost of our variable rate debt*" under *Part I, Item 1A. Risk Factors* of our 2023 Form 10-K for more discussion on interest rate risks that may affect our financial condition.

ITEM 4. CONTROLS AND PROCEDURES.

An evaluation was performed under the supervision and with the participation of our senior management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) of the Exchange Act as of the end of the period covered by this Quarterly Report. Based on that evaluation, our officers, including our Chief Executive Officer and Chief Financial Officer, concluded that as of the end of the period covered by this Quarterly Report our disclosure controls and procedures are effective to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms and information required to be disclosed in the reports we file or submit under the Exchange Act is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure. There have been no changes in our internal control over financial reporting that occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS.

See the information reported in Note 7 to the financial statements included in Part I, which information is incorporated hereunder by this reference.

ITEM 1A. RISK FACTORS.

Item 1A. Risk Factors of Part I of our 2023 Form 10-K includes a detailed discussion of the risk factors that could materially affect our business, financial condition or future prospects. There have been no material changes in our risk factors previously disclosed in the 2023 Form 10-K.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS.

Issuer Purchases of Equity Securities

| Period | Total Number of Shares Purchased | Average Price Paid per Share | Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs | Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs (1) |
|--|--|---------------------------------------|--|--|
| July 1, 2024 - July 31, 2024 | — | \$ — | — | \$ 177,897,710 |
| August 1, 2024 - August 31, 2024 | — | \$ — | — | \$ 177,897,710 |
| September 1, 2024 - September 30, 2024 | — | \$ — | — | \$ 177,897,710 |
| Total | — | \$ — | — | \$ 177,897,710 |

(1) During 2022, the Board of Directors, or BOD, approved a share repurchase program to repurchase up to \$225.0 million of the Company's common stock. On May 16, 2024, the BOD authorized an increase to the share repurchase program to which the Company may purchase up to an additional \$125.0 million in shares of the Company's outstanding common stock, increasing the total aggregate authorization to up to \$350.0 million. Repurchases of the Company's outstanding common stock will be made in accordance with applicable securities laws and may be made at the Company's discretion based on parameters set by the BOD from time to time in the open market, through privately negotiated transactions, or otherwise. The share repurchase program has no time limit and does not obligate the Company to purchase any particular amount of its common stock. The authorization for the share repurchase program may be terminated, suspended, increased or decreased by the BOD in its discretion at any time. As of September 30, 2024, the Company had repurchased a total of 14.1 million shares of the Company's common stock at an aggregate cost of approximately \$172.1 million. As a result of the termination of an IGSA with respect to the STFRC effective August 9, 2024, and the impact such termination will have on the Company's leverage ratios, the Company intends to prioritize the use of its free cash flow to further reduce its debt, although the Company may exercise discretion in repurchasing additional shares of its common stock in accordance with the repurchase program based on parameters set by the BOD.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES.

None.

ITEM 4. MINE SAFETY DISCLOSURES.

None.

ITEM 5. OTHER INFORMATION.

None. Without limiting the generality of the foregoing, during the three months ended September 30, 2024, no director or officer (as defined in Rule 16a-1(f) of the Securities Exchange Act of 1934, as amended) of the Company adopted or terminated a Rule 10b5-1 trading arrangement or non-Rule 10b5-1 trading arrangement (in each case, as defined in Item 408 of Regulation S-K) for the purchase or sale of the Company's securities.

ITEM 6. EXHIBITS.

| <u>Exhibit Number</u> | <u>Description of Exhibits</u> |
|-----------------------|---|
| 22.1* | List of Guarantor Subsidiaries. |
| 31.1* | Certification of the Company's Chief Executive Officer pursuant to Securities and Exchange Act Rules 13a-14(a) and 15d-14(a), as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. |
| 31.2* | Certification of the Company's Chief Financial Officer pursuant to Securities and Exchange Act Rules 13a-14(a) and 15d-14(a), as adopted pursuant to Section 302 of the Sarbanes-Oxley Act of 2002. |
| 32.1** | Certification of the Company's Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002. |

CERTIFICATION

I, Damon T. Hininger, certify that:

1. I have reviewed this quarterly report on Form 10-Q of CoreCivic, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
