

**Supplemental Financial Information  
For the Quarter Ended December 31, 2024**

The Company's supplemental financial information and other data presented herein speaks only as of the date or period indicated (or as of the date posted, as the case may be), and the Company does not undertake any obligation, and disclaims any duty, to update any of this information. The Company's future financial performance is subject to various risks and uncertainties that could cause actual results to differ materially from expectations. The factors that could affect the Company's future financial results are discussed more fully in our reports filed with the SEC. Readers are advised to refer to these reports for additional information concerning the Company. Readers are also advised that the Company's historical performance may not be indicative of future results. In addition, the information contained herein does not constitute an offer to sell or a solicitation to buy any of the Company's securities.

# CoreCivic, Inc.

## Supplemental Financial Information For the Quarter Ended December 31, 2024

<b>Fixed Charge Coverage Ratio</b>	4.1x	4.7x	4.2x	3.8x

**GUIDANCE SUMMARY <sup>(1)</sup>**  
(Unaudited and amounts in thousands, except per share amounts)

	Full Year 2025			Full Year 2025	
	Low-End	High-End		Low-End	High-End
<b>Net Income</b>	\$ 53,500	\$ 67,500	<b>Diluted EPS</b>	\$ 0.48	\$ 0.61
Depreciation and amortization of real estate assets	99,000	100,000			
<b>Funds From Operations</b>	\$ 152,500	\$ 167,500	<b>FFO per diluted share</b>	\$ 1.37	\$ 1.50
Maintenance capital expenditures on real estate assets	(31,000)	(29,000)			
Stock-based compensation	22,500	22,500			
Other non-cash revenue and expenses and non-cash interest	4,500	4,500			
<b>Adjusted Funds From Operations</b>	\$ 148,500	\$ 165,500	<b>AFFO per diluted share</b>	\$ 1.33	\$ 1.48
Net income	\$ 53,500	\$ 67,500			
Interest expense	74,000	73,000			
Depreciation and amortization	130,000	130,000			
Income tax expense	23,500	22,500			
<b>EBITDA</b>	\$ 281,000	\$ 293,000			
<b>Capital Expenditures</b>					
Maintenance on real estate assets	\$ 29,000	\$ 31,000			
Information technology and other assets	31,000	34,000			
Other capital investments	6,000	7,000			
Facility activations and transportation services <sup>(2)</sup>	40,000	45,000			
<b>Total capital expenditures</b>	\$ 106,000	\$ 117,000			

<sup>(1)</sup> Consistent with our past practice, our guidance does not include the impact of any new contract awards not previously announced. However, we do expect to execute multiple new contracts during 2025 and will revise guidance throughout the year as new contracts are signed.

<sup>(2)</sup> Although our guidance does not include any new contract awards, our guidance includes \$40.0 million to \$45.0 million of capital expenditures associated with potential facility activations, in order to prepare these facilities to quickly accept residential populations if opportunities arise, as well as to provide transportation services.

FFO and AFFO are widely accepted supplemental non-GAAP measures utilized to evaluate the performance of real estate companies following the standards established by the National Association of Real Estate Investment Trusts (NAREIT). The Company believes that FFO and AFFO are important operating measures that supplement discussion and analysis of the Company's results of operations and are used to review and assess operating performance of the Company and its properties and their management teams. NAREIT defines FFO as net income computed in accordance with generally accepted accounting principles, excluding gains (or losses) from sales of property and extraordinary items, plus depreciation and amortization of real estate and impairment of depreciable real estate and after adjustments for unconsolidated partnerships and joint ventures calculated to reflect FFO on the same basis. As a company with extensive real estate holdings, we believe FFO and FFO per share are important supplemental measures of our operating performance and believe they are frequently used by securities analysts, investors and other interested parties in the evaluation of REITs and other real estate operating companies many of which present FFO and FFO per share when reporting results. Because the historical cost accounting convention used for real estate assets requires depreciation (except on land), this accounting presentation assumes that the value of real estate assets diminishes at a level rate over time. Because of the unique structure, design and use of the Company's properties, management believes that assessing performance of the Company's properties without the impact of depreciation or amortization is useful. The Company may make adjustments to FFO from time to time for certain other income and expenses that it considers non-recurring, infrequent or unusual, even though such items may require cash settlement, because such items do not reflect a necessary or ordinary component of the ongoing operations of the Company. Normalized FFO excludes the effects of such items. The Company calculates AFFO by adding to Normalized FFO non-cash expenses such as the amortization of deferred financing costs and stock-based compensation, and by subtracting from Normalized FFO recurring real estate expenditures that are capitalized and then amortized, but which are necessary to maintain a real estate operating company's properties and its revenue stream. Some of these capital expenditures contain a discretionary element with respect to when they are incurred, while others may be more urgent. Therefore, these capital expenditures may fluctuate from quarter to quarter, depending on the nature of the expenditures required, seasonal factors such as weather, and budgetary conditions. Other companies may calculate FFO, Normalized FFO, and AFFO differently than the Company does, or adjust for other items, and therefore comparability may be limited. FFO, Normalized FFO, and AFFO and their corresponding per share measures are not measures of performance under GAAP, and should not be considered as an alternative to cash flows from operating activities, a measure of liquidity or an alternative to net income as indicators of the Company's operating performance or any other measure of performance derived in accordance with GAAP. This data should be read in conjunction with the Company's consolidated financial statements and related notes included in its filings with the Securities and Exchange Commission.

(1) Our CoreCivic Community segment includes the operating results of residential reentry centers we operate during each period, along with the operating results of our non-residential correctional alternative services. However, the facility revenue and operating expenses in this table, and the corresponding per compensated man-day amounts, of CoreCivic Community include only those related to the operation of the residential reentry centers. For the three months ended December 31, 2024 and 2023, our alternative services generated revenue of \$8.6 million and \$8.7 million, respectively, and incurred operating expenses of \$8.7 million and \$8.5 million, respectively. For the twelve months ended December 31, 2024 and 2023, our alternative services generated revenue of \$34.8 million and \$36.7 million, respectively, and incurred operating expenses of \$34.6 million and \$34.8 million, respectively.

Thereafter	105,803	10.61%	100.00%
	<u>\$ 997,380</u>	<u>100.00%</u>	

<sup>1)</sup> Includes amortization of debt issuance costs.

<sup>2)</sup> On October 11 2023, CoreCivic entered into a Fourth Amended and Restated Credit Agreement, or the Bank Credit Facility, in an aggregate principal amount of \$400.0 million, consisting of a \$125.0 million term loan ("Term Loan") and a \$275.0 revolving credit facility. The Company also has \$18.0 million of letters of credit outstanding under a sub-facility reducing the available capacity under the revolving credit facility to \$257.0 million as of December 31, 2024. Based on our total leverage ratio, during the fourth quarter of 2024, loans under our Bank Credit Facility bore interest at the Secured Overnight Financing Rate, or SOFR, rate plus a margin of 2.75%.

<sup>3)</sup> The stated and effective interest rate on the revolving credit facility exclude interest associated with the outstanding letters of credit and the unused fees.

<sup>4)</sup> Represents the weighted average debt maturity in years.

(A) The year constructed/acquired represents the initial date of acquisition or completion of construction of the facility, as well as significant additions to the facility that occurred at a later date.

(B) Design capacity measures the number of beds, and accordingly, the number of offenders each facility is designed to accommodate. Facilities housing detainees on a short-term basis may exceed the original intended design capacity due to the lower level of services required by detainees in custody for a brief period. From time to time, we may evaluate the design capacity of our facilities based on the customers using the facilities, and the ability to reconfigure space with minimal capital outlays.

(C) We manage numerous facilities that have more than a single function (i.e., housing both long-term sentenced adult prisoners and pre-trial detainees). The primary functional categories into which facility types are identified were determined by the relative size of offender populations in a particular facility on December 31, 2024. If, for example, a 1,000-bed facility cared for 900 adult offenders with sentences in excess of one year and 100 pre-trial detainees, the primary functional category to which it would be assigned would be that of correctional facilities and not detention facilities. It should be understood that the primary functional category to which multi-user facilities are assigned may change from time to time.

(D) Remaining renewal options represents the number of renewal options, if applicable, and the remaining term of each option renewal. Our government partners can generally terminate our management contracts for non-appropriation of funds or for convenience.

## FACILITY PORTFOLIO

(E) Pursuant to the terms of a contract awarded by the state of Arizona in September 2012, the state of Arizona has an option to purchase the Red Rock facility at any time during the term of the contract, including extension options, based on an amortization schedule starting with the fair market value and decreasing evenly to zero over the twenty year term.

(F) This facility is currently being marketed for sale or lease to a third party, but could be operated in the future after certain occupancy certificates are obtained.

(G) The facility is subject to a purchase option held by the Georgia Department of Corrections, or GDOC, which grants the GDOC the right to purchase the facility for the lesser of the facility's depreciated book value, as defined, or fair market value at any time during the term of the contract between us and the GDOC.

(H) The facility is subject to a purchase option held by the Tallahatchie County Correctional Authority which grants Tallahatchie County Correctional Authority the right to purchase the facility at any time during the contract at a price generally equal to the cost of the premises less an allowance for amortization originally over a 20 year period. The amortization period was extended through 2050 in connection with an expansion completed during the fourth quarter of 2007.

(I) The state of Montana has an option to purchase the facility generally at any time during the term of the contract with us at fair market value, as defined.

(J) The state of Ohio has the irrevocable right to repurchase the facility before we may resell the facility to a third party, or if we become insolvent or are unable to meet our obligations under the management contract with the state of Ohio, at a price generally equal to the fair market value, as defined in the Real Estate Purchase Agreement.

(K) The state of Tennessee has the option to purchase the facility in the event of our bankruptcy, or upon an operational or financial breach, as defined, at a price equal to the book value, as defined.

(L) The Commonwealth of Kentucky has an option to purchase the facility at any time during the term of the lease with us at a price equal to the fair market value of the property.
